Title Of Each Class Of Securities To Be Registered	Amount To Be Registered(1)	Proposed Maximum Offering Price Per Unit(2)	Proposed Maximum Aggregate Offering Price(2)	Amount of Registration Fee(3)(4)
Common Stock	7,259,025	\$100.67	\$730,766,046.75	\$23,542.65

- (1) Pursuant to Rule 416 under the Securities Act, this registration statement shall include any additional shares that may become issuable as a result of any stock split, stock dividend, recapitalization or other similar transaction effected without the receipt of consideration that results in an increase in the number of Capital One's outstanding common stock (the "Common Stock").
- (2) Estimated solely for the purpose of calculating the amount of the registration fee pursuant to Rule 457(c) under the Securities Act. The price and fee are computed based upon the average of the high and low sale prices of the Common Stock on March 12, 2018, as reported on the New York Stock Exchange.
- (3) Calculated in accordance with Section 6 of the Securities Act and Rule 457 under the Securities Act by multiplying .00012450 and the proposed maximum aggregate offering price.
- (4) Capital One filed a prospectus supplement pursuant to Rule 424(b)(5) on April 9, 2015 to registration statement No. 333-203125, initially filed on March 31, 2015 (the "Prior Registration Statement") in connection with the Capital One Dividend Reinvestment and Stock Purchase Plan (the "Plan") and, in connection with the offering of Common Stock under the Plan, paid a filing fee of \$68,128.61 to register all 7,333,393 shares of Common Stock that were available at such time for issuance under the Plan. As of the date hereof, 7,259,025 of such shares remain unsold. Pursuant to Rule 457(p), the aggregate registration fee currently due hereunder of \$90,980.37 has been offset against \$67,437.72 of the registration fee paid with respect to such unsold shares under the Prior Registration Statement. The balance of the registration fee, \$23,542.65, is paid herewith.

ABOUT THIS PROSPECTUS SUPPLEMENT

We provide information to you about the common stock in two separate documents: (1) this prospectus supplement, which describes the specific terms of the Plan and also adds to and updates information contained in the accompanying prospectus and the documents incorporated by reference in that prospectus and (2) the accompanying prospectus, which provides general information about securities we may offer from time to time, including securities other than the common stock being offered by this prospectus supplement. If information in this prospectus supplement is inconsistent with the accompanying prospectus, you should rely on this prospectus supplement. It is important for you to read and consider all of the information contained in this prospectus supplement and the accompanying prospectus in making your investment decision.

Unless the context requires otherwise, references to “Capital One,” “we,” “our,” or “us” in this prospectus supplement refer to Capital One Financial Corporation, a Delaware corporation.

DESCRIPTION OF THE PLAN

PURPOSE

1. What is the purpose of the Plan?

The primary purpose of the Plan is to provide Capital One shareholders with a convenient and economical method of investing cash dividends or making optional cash investments in additional shares of Capital One common stock, generally without payment of any processing fees or service fees in connection with such purchases. In addition, purchases of shares directly from Capital One pursuant to the Plan will provide Capital One with additional capital for general corporate purposes.

PARTICIPATION OPTIONS

2. What options are available under the Plan?

If you are a registered holder or a beneficial owner of Capital One common stock and elect to participate in the Plan (a “Participant”), you may have cash dividends on all or a portion of your shares automatically reinvested in Capital One common stock. If you wish, you may also make optional cash investments to purchase Capital One common stock, subject to a minimum investment of \$50 per month and a maximum investment of \$10,000 per month. Capital One may permit greater optional cash investments. See Question 13. You may make optional cash investments even if you do not elect to reinvest dividends on shares of common stock credited to your account under the Plan.

ADVANTAGES AND DISADVANTAGES

3. What are the advantages and disadvantages of the Plan?

The primary advantages of the Plan are:

- You may have the cash dividends on all or a portion of your Capital One common stock automatically reinvested in additional shares of Capital One common stock.
- You may invest in additional shares of Capital One common stock by making optional cash investments, subject to an individual minimum investment of \$50 per month and an individual maximum investment of \$10,000 per month.
- Optional cash investments in excess of \$10,000 per month may be made with the permission of Capital One at a discount which will be from 0% to 5%.
- Generally, you pay no processing fees or service fees in connection with your purchases under the Plan. See Question 24.

[Table of Contents](#)

- Your reinvested cash dividends and optional cash investments will be fully invested because the Plan provides for fractional shares to be credited to your account. Additionally, dividends on such fractional shares, as well as whole shares held by you in certificated form or credited to your account, will be automatically reinvested in additional shares and credited to your account.
- You will avoid cumbersome safekeeping of stock certificates for shares credited to your account and you may also deposit certificated shares, represented by stock certificates, held by you and registered in your name, thereby avoiding the need for safekeeping of certificates.
- Periodic statements reflecting all current activity, including shares purchased and your latest Plan account balance, will simplify your recordkeeping.

The primary disadvantages of the Plan are:

- Because the date by which the Plan administrator must receive your optional cash investment is two business days prior to the Investment Date (as defined herein) for such investments, your investments may be exposed to changes in market conditions. See Question 12.
- The Purchase Price (as defined herein) for shares under the Plan may exceed the price of acquiring shares of Capital One common stock (including transaction costs) on the open market at any particular time on the related Investment Date. See Questions 9 and 11.
- No interest will be paid on funds held by the administrator of the Plan pending investment. See Question 12.

ADMINISTRATION

4. Who will administer the Plan?

The Plan will be administered by Computershare Trust Company, N.A., or such successor administrator as Capital One may designate (“Computershare” or the “Administrator”). The Administrator acts as agent for Participants, keeps records of Participants’ accounts, sends regular account statements to Participants, and performs other duties relating to the Plan. Shares purchased for each Participant under the Plan will be recorded in uncertificated form in each Participant’s account by the Administrator, unless and until a Participant requests that a stock certificate for his or her shares be issued. See Question 16. Computershare also serves as dividend disbursement agent, transfer agent, and registrar for Capital One’s common stock. Correspondence concerning the Plan should be sent to:

Computershare
Capital One Dividend Reinvestment and Stock Purchase Plan
P.O. Box 505005
Louisville, KY 40233-5005

Optional cash investments of checks should be mailed to:

Computershare

PARTICIPATION

5. Who is eligible to participate?

You may participate in the Plan if you qualify as either of the following: (a) you are a "registered holder," *i.e.*, a shareholder whose shares of Capital One common stock are registered in the stock transfer books of Capital One in your name or (b) you are a "beneficial owner," a shareholder who has beneficial ownership of shares of Capital One common stock that are registered in a name other than your name (for example, in the name of a broker, bank or other nominee). Registered holders may participate in the Plan directly. If you are a beneficial owner, you must either become a registered holder by having such shares transferred into your own name or make arrangements with your broker, bank or other nominee to participate on your behalf. See Question 6.

If you hold shares with a broker, you can participate by instructing the broker to reregister some or all of the shares into your name. Simply instruct your broker to move all or some of your shares electronically through the Direct Registration System from your brokerage account to a new book-entry account at Computershare. Please contact your broker for more information. Once your broker transfers your shares into your name electronically, your Direct Registration account is automatically set up and you can participate in the Plan. You may also instruct your broker to participate in the Plan on your behalf.

Your right to participate in the Plan is not transferable to another person apart from a transfer of your underlying shares of Capital One common stock. Capital One reserves the right to exclude from participation in the Plan persons who utilize the Plan to engage in short-term trading activities which cause aberrations in the trading volume of Capital One common stock.

Shareholders who reside in jurisdictions in which it is unlawful for Capital One to permit their participation are not eligible to participate in the Plan.

ENROLLMENT

6. How do I enroll in the Plan and become a Participant?

If you are a registered holder of Capital One common stock, you may enroll in the Plan and become a Participant by completing and signing an Enrollment Form and returning it to the Administrator at the address set forth in Question 4. An Enrollment Form and copies of this prospectus supplement may also be obtained at any time at your request to the Administrator at the same address.

Registered holders may also enroll in the Plan through the Internet by accessing their account at www.computershare.com/investor. If you have your shares registered in more than one name (*i.e.*, joint tenants, trustees), all registered holders of such shares must sign the Enrollment Form exactly as their names appear on the account registration.

If you are a beneficial owner of Capital One common stock, you must either become a registered holder by having such shares transferred into your own name or instruct your broker, bank or other nominee in whose name your shares are held to participate in the Plan on your behalf.

You may enroll in the Plan at any time. Once enrolled, you remain enrolled without further action on your part until you discontinue your participation or until the Plan is terminated. See Question 20 regarding discontinuing dividend reinvestment under the Plan and Question 27 regarding termination of the Plan. However, if there is any subsequent change in the manner in which your name appears on your certificate(s), you should contact the Administrator for further instructions. If you wish to change your participation at any time, please contact the Administrator as described in Question 4.

7. What does the Enrollment Form provide?

The Enrollment Form appoints the Administrator as your agent for purposes of the Plan. It also directs Capital One to pay dividends to the Administrator for purchase of additional shares of Capital One common stock as you elect from the three options shown on the Enrollment Form and explained below. You must place an "X" in the appropriate box to indicate your investment election. Under each of these options, you may make optional cash investments at any time. You may change your reinvestment election at any time by submitting a revised Enrollment Form to the Administrator or by accessing your account online at www.computershare.com/investor. **If you return a properly executed Enrollment Form to the Administrator without electing an investment option, you will be enrolled as having selected Full Dividend Reinvestment.**

(1) "Full Dividend Reinvestment"

This option directs the Administrator to reinvest, in accordance with the Plan, all cash dividends on all shares of Capital One common stock then or subsequently registered in your name and held by you in certificated form or credited to your account in book-entry form.

(2) "Partial Dividends Paid in Cash"

This option directs the Administrator to pay to you, in accordance with the Plan, cash dividends on the number of shares of Capital One common stock which you designate in the appropriate space on the Enrollment Form. Dividends paid on all other shares registered in your name and credited to your account will be reinvested in accordance with the Plan.

(3) "All Dividends Paid in Cash (No Dividend Reinvestment)"

This option directs the Administrator to send you, in accordance with the Plan, cash dividends in the usual manner on all of your shares of Capital One common stock registered in your name and credited to your account, including shares subsequently purchased through optional cash investments.

8. When will my participation in the Plan begin?

Participation as to dividend reinvestment will commence with the next dividend Investment Date (as defined below) after receipt of the Enrollment Form, provided it is received by the Administrator by the Record Date (as defined below) for such dividend Investment Date. If the Enrollment Form is received after such Record Date, participation as to dividend reinvestment will be delayed until the following dividend Investment Date.

Participation as to optional cash investments will commence with the next Investment Date after receipt of the authorization therefor and the funds to be invested. See Question 9 to determine the applicable Record Date for dividend reinvestments and the applicable Investment Dates for dividend reinvestments and optional cash investments.

PURCHASES

9. When will shares be purchased under the Plan?

When there is a cash dividend declared by the Board of Directors, reinvested dividends under the Plan will be used to purchase shares of Capital One common stock beginning on the dividend payment date declared by the Board of Directors or if such day is not a trading day, the first trading day immediately following such date (in such case, the "Investment Date"). The "Record Date" for such dividend payments will be the record date declared by the Board of Directors. Optional cash investments of \$10,000 or less will be invested monthly, beginning on the 20th of each month, or if such day is not a trading day, the first trading day following the 20th, or, in the case of shares of Capital One common stock purchased on the open market, as soon thereafter as determined by the Administrator (in each such case, the "Investment Date").

If Capital One approves a Request for Waiver (as defined below) for an optional cash investment of more than \$10,000, then such cash investment will be used to purchase shares of Capital One common stock on one or more dates and at a Purchase Price (as defined below) calculated as specified in the Request for Waiver (in each such case, an "Investment Date"), subject to any Threshold Price (as defined below) that Capital One may set. See Questions 11 and 13 for more information on Requests for Waiver, Purchase Price and Threshold Prices.

Dividend payment dates historically have occurred on or about the 20th day of each February, May, August, and November. It is expected that the past pattern with respect to timing of dividend payment dates generally will be followed in the future if the Board of Directors elects to declare dividends in a given quarter.

There can be no assurance as to the declaration or payment of dividends, and nothing contained in the Plan obligates Capital One to declare or pay any dividends. The Plan does not represent a change in Capital One's dividend policy or a guarantee of future dividends, which will continue to be determined by the Board of Directors based upon Capital One's earnings, financial condition, and other factors.

10. What is the source of shares to be purchased under the Plan?

All dividends reinvested through the Plan and all optional cash investments will be used to purchase newly issued shares directly from Capital One, "treasury shares" held by Capital One, shares through open market purchases, or a combination of the above. Newly issued shares purchased directly from Capital One will consist of authorized but unissued shares of Capital One common stock.

11. At what price will shares be purchased?

All shares acquired directly from Capital One with reinvested dividends or optional cash investments of \$10,000 or less will be acquired at a price to you (in such case, the "Purchase Price") of the average of the daily high and low sales prices, computed up to six decimal places, if necessary, of Capital One's common stock as reported on the New York Stock Exchange (the "Exchange") on the Investment Date. In such case, the "Pricing Period" is the Investment Date.

[Table of Contents](#)

Shares of Capital One common stock purchased pursuant to a Request for Waiver for optional cash investments of more than \$10,000 will be acquired at a price to you (in such case, the “Purchase Price”) equal to the average of the high and low sales prices, computed up to six decimal places, if necessary, of Capital One’s common stock on the Exchange for each day during the Pricing Period on which trades are reported on the Exchange (each a “Trading Day”). The Pricing Period for optional investments made pursuant to an approved Request for Waiver will be the day or days set forth in the Request for Waiver, which may be the Investment Date or up to ten Trading Days prior to and including an Investment Date. A Request for Waiver may specify one or more Investment Dates. Shares purchased with optional cash investments of more than \$10,000 pursuant to a Request for Waiver may be purchased at a discount from the Purchase Price and may be subject to a Threshold Price, as more fully described in Question 13.

All shares purchased under the Plan through open market purchases will be acquired as soon as practicable beginning on the Investment Date. For shares purchased on the open market, the Administrator may combine your funds with funds of other Plan Participants and generally will batch purchase types (cash dividends and optional cash investments) for separate execution by its broker. At the Administrator’s discretion, these batches may be combined and executed by its broker. The Administrator may also direct its broker to execute each purchase type in several batches throughout a trading day. Depending on the number of shares being purchased and current trading volume in shares of Capital One common stock, the Administrator’s broker may execute purchases for any batch or batches in multiple transactions and over more than one day. If different purchase types are batched, the price (in such case, the “Purchase Price”) per share of Capital One common stock purchased for each Plan Participant’s account, whether purchased with reinvested cash dividends or with optional cash investments, shall be the weighted average purchase price computed up to six decimal places, if necessary, paid by the Administrator of the specific batch for shares of Capital One common stock purchased through the Plan by Computershare’s broker on that investment date.

Purchases on the open market will begin on the Investment Date and will be completed no later than 30 days from such date for reinvestment of dividends and 35 days from such date for optional cash investments, except where completion at a later date is necessary or advisable under any applicable federal securities laws. Such purchases may be made on any securities exchange where such shares are traded, in the over-the-counter market, or by negotiated transactions and may be subject to such terms with respect to price, delivery, etc. to which the Administrator may agree. Neither Capital One nor the Participant shall have any authority or power to direct the time or price at which shares may be purchased, or the selection of the broker or dealer through or from whom purchases are to be made.

While Capital One will pay all processing fees on shares purchased on the open market, for tax purposes, these fees will be considered as additional dividend income to you. These fees and the resulting additional dividend income are expected to amount to less than 1/4th of 1% of the purchase price of the shares (that is, less than 25 cents per \$100 invested). See Question 21. Processing fees include any applicable brokerage commissions the Administrator is required to pay.

12. How are optional cash investments made?

All registered holders, including brokers, banks, and other nominees with respect to shares registered in their name on behalf of a beneficial owner, who have submitted a signed Enrollment Form are eligible to make optional cash investments. A broker, bank or other nominee, as holder on behalf of a beneficial owner, may utilize an Enrollment Form for optional cash investments unless it holds the shares in the name of a securities depository.

You may make optional cash investments in Capital One common stock by sending to Computershare a check for the purchase of additional shares. All optional cash investments made by check should be made payable to “Computershare—Capital One” in U.S. dollars and drawn on a U.S. bank. If you are not in the U.S., contact your bank to verify that they can provide you with a check that clears through a U.S. bank and can print

Table of Contents

the dollar amount in U.S. funds. Due to the longer clearance period, we are unable to accept checks clearing through non-U.S. banks. The Administrator will not accept cash, money orders, traveler's checks or third party checks. All checks should be sent to the Administrator at the address listed on the tear-off form section attached to each account statement you receive, or if making an investment when enrolling, with your enrollment form.

The Administrator will apply all optional cash investments which are received at least two business days prior to the commencement of the Pricing Period for the relevant Investment Date to the purchase of shares of Capital One common stock on such Investment Date, or if shares are acquired on the open market, as soon as practicable on or after such Investment Date. **NO INTEREST WILL BE EARNED ON OPTIONAL CASH INVESTMENTS HELD PENDING INVESTMENT. IF YOU HAVE ANY QUESTIONS REGARDING THE INVESTMENT DATE, YOU SHOULD CONTACT THE ADMINISTRATOR AT THE ADDRESS OR PHONE NUMBER SET FORTH IN QUESTION 4.**

At any time, Participants who are registered owners of Capital One common stock may make optional cash investments through the Administrator's website, www.computershare.com/investor, by authorizing a one-time online bank debit from an account at a U.S. bank or financial institution. You should refer to the online confirmation for the account debit date and investment date.

Participants who are registered owners of Capital One common stock may also make optional cash investments by automatic monthly investments of a specified amount (not less than \$50 or more than \$10,000 per month) by electronic funds transfer from a predesignated U.S. bank account. A \$1.00 transaction fee will be deducted from the amount withdrawn from the account prior to each investment. To initiate automatic monthly deductions, the Participant must complete and sign a Direct Debit Authorization form and return it to the Administrator together with a voided blank check or a deposit form for the account from which funds are to be drawn. Direct Debit Authorization forms may be obtained from the Administrator. You may also initiate automatic monthly investments by accessing your account through the Internet at www.computershare.com/investor. Forms will be processed and become effective as promptly as practicable; however, you should allow four to six weeks for the first investment to be initiated using the automatic investment feature.

Once automatic monthly investment is initiated, funds will be drawn from the Participant's designated bank account on the 17th of each month (or the next banking business day if the 17th is not a banking business day) for optional cash investments of \$10,000 or less. Participants may change their automatic monthly investment by completing and submitting to the Administrator a new Direct Debit Authorization form or by accessing their account through the Internet at www.computershare.com/investor. To be effective with respect to a particular Investment Date, however, the new instructions must be received by the Administrator at least six business days prior to such Investment Date. Automatic deductions will continue indefinitely until you notify the Administrator in writing or through the Internet that the automatic deductions are to stop.

You should be aware that since investments under the Plan are made as of specified dates, you lose any advantage that otherwise might be available from being able to select the timing of your investment. **Neither the Capital One nor the Administrator can assure a profit or protect against a loss on shares of Capital One common stock purchased under the Plan.**

When corresponding with the Administrator, please be sure to include your daytime telephone number and area code.

In the event that any check, draft or electronic funds transfer a Participant may tender or order as payment to the Administrator to purchase Capital One common stock is dishonored, refused or returned, the Participant agrees that the purchased shares when credited to such Participant's account may be sold, on the Administrator's order without the Participant's consent or approval, to satisfy the amount owing on the purchase. The "amount owing" will include the purchase price paid, any purchase and sale transaction fees, any brokerage commissions and the Administrator's returned check or failed electronic payment fee of \$35.00. If the sale proceeds of

purchased shares are insufficient to satisfy the amount owing, the Participant authorizes the Administrator to sell additional shares then credited to the Participant's account as necessary to cover the amount owing, without further consent or authorization from the Participant. The Administrator may sell shares to cover an amount owing as a result of a Participant's order in any manner consistent with applicable securities laws. Any sale for that purpose in a national securities market would be commercially reasonable. The Participant grants the Administrator a security interest in all shares credited to the Participant's account including securities subsequently acquired and held or tendered for deposit, for purposes of securing any amount owing as described in this paragraph.

13. What limitations apply to optional cash investments?

Minimum/Maximum Limits. Optional cash investments are subject to a \$50 minimum per month, and Capital One reserves the right to refuse to accept any optional cash investment in excess of \$10,000 per month from any Participant or any related or associated group of Participants. Optional cash investments of less than \$50 and that portion of any optional cash investment which exceeds the \$10,000 monthly purchase limit, unless such limit has been waived, are subject to return to the Participant, without interest. Capital One reserves the right to waive such limits on optional cash investments in its sole discretion.

Request for Waiver. Optional cash investments in excess of \$10,000 per month may only be made pursuant to a written request for waiver (a "Request for Waiver") approved by Capital One. There is no pre-established maximum limit applicable to optional cash investments that may be made pursuant to approved Requests for Waiver. Capital One expects to grant Requests for Waiver to financial intermediaries, including brokers and dealers, and other Participants from time to time. To submit an optional cash payment in excess of \$10,000 for any monthly period, a Participant must submit a written Request for Waiver, specifying the proposed investment amount(s), Pricing Period (s), calculation of the Purchase Price(s) and Investment Date(s), no later than two (2) business days prior to the commencement of the requested Pricing Period(s). It is solely within Capital One's discretion as to whether any such approval in excess of the allowable maximum amounts will be granted. In deciding whether to approve such a request, Capital One will consider relevant factors including, but not limited to (a) whether it is then selling newly issued shares of common stock and/or treasury shares or acquiring shares for the Plan through open market purchases or privately negotiated transactions, (b) Capital One's need for additional funds, (c) the attractiveness of obtaining such funds by the sale of common stock by comparison to other sources of funds, (d) the purchase price likely to apply to any sale of common stock, (e) the Participant submitting the request, including the extent and nature of such Participant's prior participation in the Plan, and the number of shares of Capital One common stock held of record and/or beneficially by such Participant, and (f) the aggregate amount, if any, of optional cash investments in excess of the allowable maximum amounts for which requests have been submitted by all Participants. If such requests are submitted for any monthly period for an aggregate amount in excess of the amount Capital One is willing to accept, Capital One may honor such requests in order of receipt, pro rata or by any other method which Capital One determines to be appropriate.

To obtain a Request for Waiver form, please contact Capital One at 1-703-720-2218. Completed Requests for Waiver should be sent to Capital One at 1680 Capital One Drive, McLean, VA 22102, Attention: Treasurer, or by facsimile to 1-703-720-2165. If Capital One approves your Request for Waiver, then you must send the Administrator a copy of the written waiver approval, together with your optional cash investment in good funds, by 2:00 p.m., Eastern time, on or before the business day prior to the first day of the relevant Pricing Period described in the approved Request for Waiver.

The Plan may also be used by Capital One to raise additional capital through the sale each month of a portion of the shares available for issuance under the Plan to owners of shares (including brokers or dealers) who, in connection with any resales of such shares, may be deemed to be underwriters. These sales will be effected through Capital One's ability to approve Requests for Waiver. To the extent shares are purchased from Capital One under the Plan, Capital One will receive additional funds for general corporate purposes. The Plan is

[Table of Contents](#)

intended for the benefit of investors in Capital One and not for individuals or investors who engage in transactions which may cause aberrations in the price or trading volume of Capital One common stock.

Capital One reserves the rights to modify, suspend or discontinue participation in the Plan by otherwise eligible holders or beneficial owners of Capital One common stock in order to eliminate practices which are not consistent with the purposes of the Plan.

Threshold Price. Unless it waives its right to do so, Capital One may establish for any Investment Date a minimum price (the “Threshold Price”) for purchasing shares with optional cash investments made pursuant to written Requests for Waiver. Capital One will, at least two (2) business days prior to the commencement of the Pricing Period for an Investment Date, determine whether to establish a Threshold Price and, if a Threshold Price is established, its amount and so notify the Administrator. The determination whether to establish a Threshold Price and, if a Threshold Price is established, its amount will be made by Capital One at its discretion after a review of current market conditions, the level of participation in the Plan, and current and projected capital needs.

The Threshold Price for optional cash investments made pursuant to written Requests for Waiver, if established for any Investment Date, will be a stated dollar amount that the average of the high and low sales prices of Capital One’s common stock on the Exchange for each Trading Day of the relevant Pricing Period (not adjusted for discounts, if any) must equal or exceed. If the Threshold Price is not satisfied for a Trading Day in the Pricing Period, then that Trading Day and the trading prices for that day will be excluded from that Pricing Period and a pro rata portion of the Participant’s cash will be returned, without interest. Thus, for example, if an approved Request for Waiver specifies that the Pricing Period is one day (that is, the Investment Date) and the Threshold Price is not satisfied on that day, then no investment will be made and the Participant’s cash will be returned in full. Likewise, if the Threshold Price is not satisfied for two of the five Trading Days in a particular Pricing Period, then the average sales price for purchases and the amount of optional cash investments which may be invested will be based upon the remaining three Trading Days when the Threshold Price is satisfied. In such case, for each Trading Day on which the Threshold Price is not satisfied, one-fifth of the optional cash investment made by a Participant pursuant to a Request for Waiver would be returned to such Participant, without interest, as soon as practicable after the applicable Investment Date. Similarly, a pro rata portion of the Participant’s cash will be returned if there are fewer Trading Days prior to the Investment Date than are specified as the Pricing Period in the Request for Waiver or if no trades in Capital One common stock are reported on the Exchange for a Trading Day during the Pricing Period, due to a market disruption or for any other reason.

The Threshold Price concept and return procedure discussed above apply only to optional cash investments made pursuant to written Requests for Waiver. Setting a Threshold Price for an Investment Date shall not affect the setting of a Threshold Price for any subsequent Investment Date.

For any particular Investment Date, Capital One may waive its right to set a Threshold Price for optional cash investments that exceed \$10,000. Neither Capital One nor the Administrator shall be required to provide any written notice to Participants as to the Threshold Price for any Investment Date. Participants, however, may ascertain whether the Threshold Price applicable to an Investment Date pursuant to a Request for Waiver has been set or waived, as applicable, by telephoning Capital One at 1-703-720-2218.

Waiver Discount. At least two (2) business days prior to the commencement of each Pricing Period, Capital One may, in its sole discretion, establish a discount from the Purchase Price applicable to optional cash investments made pursuant to written Requests for Waiver. Such discount (the “Waiver Discount”) will be between 0% and 5% of the Purchase Price and may vary for each Investment Date, but once established will apply uniformly to the full amount of all optional cash investments made pursuant to Requests for Waiver for that Investment Date. The Waiver Discount will be established in Capital One’s sole discretion after a review of current market conditions, the level of participation in the Plan, and current and projected capital needs. Participants may ascertain whether a Waiver Discount is applicable to an Investment Date by telephoning Capital

One at 1-703-720-2218. Setting a Waiver Discount for a particular Investment Date shall not affect the setting of a Waiver Discount for any subsequent Investment Date. The Waiver Discount feature discussed above applies only to optional cash investments made pursuant to written Requests for Waiver and does not apply to the reinvestment of cash dividends or optional cash investments of \$10,000 or less.

14. Under what circumstances will optional cash investments be returned?

Optional cash investments of less than \$50 and that portion of any optional cash investment which exceeds the allowable maximum amount (unless the subject of a Request for Waiver that has been granted by Capital One) will be returned promptly without interest. See Question 13 regarding the minimum/maximum monthly purchase limits and the return of payments if those limits are not satisfied. In addition, the portion of any optional cash investments in excess of \$10,000 pursuant to Requests for Waiver will be returned following any Investment Date on which the Threshold Price is not satisfied. See Question 13 regarding the Threshold Price and the return of such investments.

15. What if I have more than one account?

For the purpose of the limitations discussed in Question 13, Capital One may aggregate all reinvestment dividends and optional cash investments for Participants with more than one account using the same Social Security or Taxpayer Identification Number. Participants unable to supply a Social Security or Taxpayer Identification Number may be limited by Capital One to only one account.

Also for the purpose of such limitations, all accounts which Capital One believes to be under common control or management or to have common ultimate beneficial ownership may be aggregated. Unless Capital One has determined that reinvestment of dividends and optional cash investments for each such account would be consistent with the purposes of the Plan, Capital One will have the right to aggregate all such accounts and to return, without interest, within 30 days of receipt, any amounts in excess of the investment limitations applicable to a single account received in respect of all such accounts. See Question 13.

CERTIFICATES

16. Will certificates be issued for share purchases?

All shares purchased on behalf of a Participant through the Plan will be recorded in uncertificated form in each Participant's account. A Participant can, however, at any time and without charge, obtain a certificate for all or part of the whole shares of common stock credited to the Participant's Plan account by accessing his or her account through the Internet at www.computershare.com/investor, or by writing or calling the Administrator. No certificates for fractional shares will be issued. If you request a certificate for all full shares credited to your account, a certificate will be issued for the whole shares and a cash payment will be made for any remaining fractional share. That cash payment will be based upon the then-current market value of the shares, less any service charge and processing fees. Issuance of stock certificates may be subject to an additional fee. Please contact the Administrator to determine if there is a certificate issuance fee.

Receiving certificated shares from your account does not affect your dividend reinvestment option. For example, if you authorized full dividend reinvestment, cash dividends with respect to shares issued in certificate form will continue to be reinvested.

17. May I add shares of Capital One common stock to my account by transferring stock certificates in my possession?

You also may send the Administrator your other Capital One common stock certificates for safekeeping free of charge. By making such a deposit, you will be relieved of the responsibility for loss, theft or destruction of the

certificates. If you wish to deposit your Capital One common stock certificates, you must mail them along with a request to the Administrator to hold your certificates for safekeeping. The certificates should not be endorsed. You should mail the certificates to the Administrator at the address provided in Question 4. Certificates should be mailed by registered or certified mail, return receipt requested, or some other form of traceable mail, and properly insured. The Administrator will promptly send you a statement confirming each deposit of your common stock certificates.

You may withdraw shares deposited for safekeeping by accessing your account online at www.computershare.com/investor or by making a request in writing or by telephone to the Administrator as described in Question 20. The Administrator will issue new, differently numbered certificates whenever certificates are issued to you, either upon your request or upon discontinuation of participation. Shares acquired by the reinvestment of dividends on any such withdrawn shares (and on any other shares subsequently acquired by you) will continue to be reinvested or paid out, as previously directed, unless you provide contrary written instructions or a new Enrollment Form as described in Question 7. Issuance of stock certificates may be subject to an additional fee. Please contact the Administrator to determine if there is a certificate issuance fee.

SALE OF SHARES

18. Can I sell shares credited to my account?

You can sell some or all of the shares credited to your account by contacting the Administrator. You have four choices when making a sale, depending on how you submit your sale request, as follows:

- **Market Order:** A market order is a request to sell shares promptly at the current market price. Market order sales are only available at www.computershare.com/investor or by calling the Administrator directly at 1-888-985-2057. Market order sale requests received at www.computershare.com/investor or by telephone will be placed promptly upon receipt during market hours (normally 9:30 a.m. to 4:00 p.m. Eastern Time). Any orders received after 4:00 p.m. Eastern Time will be placed promptly on the next day the market is open. Depending on the number of shares being sold and current trading volume in the shares, a market order may only be partially filled or not filled at all on the trading day in which it is placed, in which case the order, or remainder of the order, as applicable, will be cancelled at the end of such day. To determine if your shares were sold, you should check your account online at www.computershare.com/investor or call the Administrator directly at 1-888-985-2057. If your market order sale was not filled and you still want the shares sold, you will need to re-enter the sale request. The price shall be the market price of the sale obtained by the Administrator's broker, less a service fee of \$25 and a processing fee of \$0.12 per share sold.
- **Batch Order:** A batch order is an accumulation of all sales requests for a security submitted together as a collective request. Batch orders are submitted on each market day, assuming there are sale requests to be processed. Sale instructions for batch orders received by the Administrator will be processed no later than five business days after the date on which the order is received (except where deferral is required under applicable federal or state laws or regulations), assuming the applicable market is open for trading and sufficient market liquidity exists. All sales requests received in writing will be submitted as batch order sales. To maximize cost savings for batch order sale requests, the Administrator will seek to sell shares in round lot (100 shares) transactions. For this purpose the Administrator may combine each selling Participant's shares with those of other selling Participants. In every case of a batch order sale, the price to each selling Participant shall be the weighted average sale price obtained by the Administrator's broker for each aggregate order placed by the Administrator and executed by the broker, less a service fee of \$25 and a processing fee of \$0.12 per share sold.
- **Day Limit Order:** A day limit order is an order to sell securities when and if they reach a specific trading price on a specific day. The order is automatically cancelled if the price is not met by the end of that day (or, for orders placed after-market hours, the next day the market is open). Depending on the number of securities being sold and the current trading volume in the securities, such an order may

[Table of Contents](#)

only be partially filled, in which case the remainder of the order will be cancelled. The order may be cancelled by the applicable stock exchange, by the Administrator at its sole discretion or, if the Administrator's broker has not filled the order, at your request made online at www.computershare.com/investor or by calling the Administrator directly at 1-888-985-2057. Each day limit order sale will incur a service fee of \$25 per sale and a processing fee of \$0.12 for each share sold.

- **Good-Til-Cancelled ("GTC") Limit Order:** A GTC limit order is an order to sell securities when and if the securities reach a specific trading price at any time while the order remains open (generally up to 30 days). Depending on the number of securities being sold and current trading volume in the securities, sales may be executed in multiple transactions and over more than one day. If shares are traded on more than one day during which the market is open, a separate fee will be charged for each such day. The order (or any unexecuted portion thereof) is automatically cancelled if the trading price is not met by the end of the order period. The order may be cancelled by the applicable stock exchange, by the Administrator at its sole discretion or, if the Administrator's broker has not filled the order, at your request made online at www.computershare.com/investor or by calling Computershare directly at 1-888-985-2057. Each GTC limit order sale will incur a service fee of \$25 per sale and a processing fee of \$0.12 for each share sold

Processing fees include any applicable brokerage commissions the Administrator is required to pay. Any fractional share will be rounded up to a whole share for purposes of calculating the processing fee. The Administrator may, for various reasons, require a sales request to be submitted in writing. Please contact the Administrator to determine if there are any limitations applicable to your particular sale request. An additional fee of \$15 will be charged if the assistance of a Customer Service Representative is required when selling shares. Proceeds are normally paid by check and generally are distributed within 24 hours after your transaction has settled.

The Administrator reserves the right to decline to process a sale if it determines, in its sole discretion, that supporting legal documentation is required. In addition, no one will have any authority or power to direct the time or price at which shares for the Plan are sold (except for prices specified for day limit orders or GTC limit orders) and no one, other than the Administrator, will select the broker(s) or dealer(s) through or from whom sales are to be made.

You should be aware that the price of Capital One common stock may rise or fall during the period between a request for sale, its receipt by the Administrator and the ultimate sale on the open market. Instructions sent to the Administrator for a market order or batch sale are binding and may not be rescinded. If you prefer to have complete control as to the exact timing and sales prices, you can transfer the shares to a broker.

If you elect to sell shares online at www.computershare.com/investor, you may utilize the Administrator's international currency exchange service to convert your sale proceeds to your local currency prior to being sent to you. Receiving your sales proceeds in a local currency and having your check drawn on a local bank avoids the time consuming and costly "collection" process required for cashing U.S. dollar checks. This service is subject to additional terms and conditions and fees, which you must agree to online.

REPORTS

19. What reports will be sent to me if I participate in the Plan?

Unless you are participating in the Plan through your broker, bank or nominee, you will receive from the Administrator a detailed statement of your account following each dividend reinvestment and account transaction. These detailed statements will show total cash dividends received, total optional cash investments received, total shares purchased (including fractional shares), price paid per share, and total shares credited to your account. For market order sales, the time of the sale will be provided. Specific cost basis information will

also be included in your statement in accordance with applicable law. **These statements should be retained by you to determine your tax cost basis for shares purchased.** See Question 21. If you are participating in the Plan through your broker, bank or other nominee, you should contact such party regarding a statement of your interests in the Plan.

WITHDRAWAL

20. How may I discontinue dividend reinvestment?

You may discontinue reinvestment of cash dividends under the Plan at any time by telephone or written notice to the Administrator or by accessing your account through the Internet at www.computershare.com. If a notice to discontinue is received by the Administrator after the Record Date for a dividend payment, the Administrator, in its sole discretion, may either pay such dividend in cash or reinvest it in shares on behalf of the discontinuing Participant. If such dividend is reinvested, the Administrator may sell the shares purchased and remit the proceeds to the Participant, less any processing fee, any service fee and any applicable taxes. After processing your request to discontinue dividend reinvestment, any shares credited to your Plan account will continue to be held in book-entry form. Dividends on any shares held in book-entry form, and on any shares held in certificated form, will be paid in cash.

TAXES

21. What are the federal income tax consequences of participating in the Plan?

The following is a summary of certain U.S. federal income tax consequences regarding the Plan. This summary is based on current law and may be affected by future legislation, Internal Revenue Service rulings and other administrative pronouncements, income tax regulations, and court decisions. This discussion does not purport to deal with all aspects of taxation that may be relevant to you in light of your circumstances, or if you are a type of investor who is subject to special treatment under U.S. federal income tax law (including, without limitation, insurance companies, partnerships, tax-exempt organizations, financial institutions, broker dealers, foreign corporations and persons who are not citizens or residents of the United States). **You should consult with your own tax advisor regarding the specific tax consequences (including the federal, state, local, foreign and other tax consequences) of participating in the Plan, and of potential changes in applicable tax laws.**

In general, the amount of cash dividends paid by Capital One will be includable in your income even though reinvested under the Plan. When your dividends are reinvested to acquire shares (including any fractional share) directly from us, you will be treated as having received on the dividend payment date a taxable dividend in an amount equal to the fair market value of our common stock purchased for your account under the Plan. When your dividends are reinvested to acquire shares (including any fractional share) purchased in market transactions, you will be treated as having received a taxable dividend equal to the amount of cash dividends used to make those purchases, plus the amount of any processing fees paid by us in connection with those purchases. You should be aware that, when we pay processing fees on your behalf for shares purchased in market transactions, the taxable income recognized by you as a participant in the Plan will be greater than the taxable income that would have resulted solely from the receipt of the dividend in cash. Processing fees include any applicable brokerage commissions the Administrator is required to pay.

If you make optional investments that are subject to a waiver discount, you may be treated as having received an additional dividend distribution equal to the excess, if any, of the fair market value of the shares acquired on the Investment Date over the amount of your optional investment. Although the Internal Revenue Service has issued private letter rulings on plans similar to the Plan which ruled that shareholders making optional investments will not be treated as having received such dividend income if the shareholders are not also

[Table of Contents](#)

participants in the dividend reinvestment aspect of the plan, private letter rulings are not precedent and may not be relied upon by persons other than the taxpayers to which they are issued. Participants who make optional cash investments to purchase Capital One common stock subject to a waiver discount should consult with their own tax advisors regarding consequences of the investment.

We will report to you for tax purposes the dividends to be credited to your account as well as brokerage costs incurred by us on your behalf. Such information will also be furnished to the Internal Revenue Service to the extent required by law.

The tax basis of shares acquired through the reinvestment of dividends pursuant to the Plan will generally equal the amount of distributions you are treated as receiving, as described above. The tax basis of shares purchased with optional investments will be equal to the amount of those investments increased by the amount of any additional dividend that you are treated as having received as a result of a waiver discount. The tax basis of shares purchased in the open market to satisfy Plan requirements will be increased by the amount of any processing fees incurred by the Plan on your behalf. The holding period for shares acquired under the Plan (including any fractional share) generally will begin on the date after the date on which the shares are purchased and credited to your Plan account, regardless of the source of purchase. Consequently, shares of our common stock acquired at different times will have different holding periods.

Upon the sale of either a portion or all of your shares from the Plan, you may recognize a capital gain or loss based on the difference between the sales proceeds and the tax basis in the shares sold, including any fractional share. Such capital gain or loss will be long-term capital gain or loss if your holding period for your shares or fractional share exceeded the Internal Revenue Code's applicable period (currently one year) at the time of disposition.

The Administrator may be required to withhold from dividends paid or proceeds from the disposition of shares the appropriate amount determined in accordance with Internal Revenue Code and applicable Treasury Regulations. Plan participants who are not United States persons for U.S. federal income tax purposes generally are subject to a withholding tax on dividends that are reinvested in the Plan. In addition, Plan participants may be subject to certain backup withholding on dividends reinvested in the Plan and proceeds from the disposition of the shares, unless the Plan participant provides us or the Administrator with a correct taxpayer identification number and otherwise complies with applicable certification requirements (e.g., completing an IRS form W-9 or other applicable IRS form which can be obtained from the Administrator) and we have not been informed by the Internal Revenue Service that the participant is subject to backup withholding. **If you are subject to withholding taxes, we will withhold the required taxes from the gross dividends and from the proceeds from the sale of shares. The dividends and proceeds received by you, or dividends reinvested on your behalf, will be net of the required taxes.**

OTHER PROVISIONS

22. What happens if I sell or transfer shares of stock or acquire additional shares of stock?

If you have elected the "Full Dividend Reinvestment" option under the Plan and subsequently sell or transfer all or any part of the shares registered in your name (either held in certificated form or credited to your account), automatic reinvestment will continue as long as there are shares registered in your name or until discontinuation of dividend reinvestment. Similarly, if you have elected the "Full Dividend Reinvestment" option under the Plan and subsequently acquire additional shares, dividends paid on such shares will automatically be reinvested until discontinuation of dividend reinvestment. If you have elected the "Partial Dividends Paid in Cash" option and subsequently acquire additional shares, dividends paid on such shares will be automatically reinvested under the Plan. See Question 7.

23. How will my shares be voted?

In connection with the exercise of shareholder voting rights, you will receive a proxy card representing any shares you hold and/or any full shares credited to your account. All such shares will be voted as designated by you on the proxy card. If you do not vote by proxy or in person, then your shares will not be voted.

24. Who pays the expenses of the Plan?

There are no processing fees or service fees on newly issued shares or treasury shares purchased from Capital One for your account. Processing fees include the applicable brokerage commissions that the Administrator is required to pay. Processing fees on shares purchased on the open market for your account will be paid by Capital One and, for tax purposes, these fees will be considered as additional dividend income to you. All costs of administering the Plan will be paid by Capital One. If you elect to make optional cash investments through automatic monthly deductions from a U.S. bank account, you will have a \$1.00 service fee deducted from the amount withdrawn prior to each investment. If you elect to sell shares credited to your account via a batch order sale, market order sale, day limit order sale or GTC limit order sale, you will incur a service fee of \$25 per sale and a processing fee of \$0.12 per share sold. An additional fee of \$15 will be charged if the assistance of a Customer Service Representative is required when selling shares. Any fractional share will be rounded up to a whole share for purposes of calculating the processing fee.

25. What are the responsibilities of Capital One or the Administrator under the Plan?

Neither Capital One nor the Administrator will be liable for any act done in good faith or for any good faith omission to act, including, without limitation, any claims of liability arising out of a failure to cease dividend reinvestment for your account upon your death or adjudicated incompetence prior to the receipt of notice in writing of such death or adjudicated incompetence, the prices at which shares are purchased or sold for your account, the times when purchases or sales are made or fluctuations in the market value of Capital One's common stock. Neither Capital One nor the Administrator has any duties, responsibilities or liabilities except those expressly set forth in the Plan. The Plan does not limit your right to sue under the Securities Act of 1933, as amended (the "Securities Act") or the Securities Exchange Act of 1934, as amended (the "Exchange Act").

YOU SHOULD RECOGNIZE THAT CAPITAL ONE CANNOT ASSURE A PROFIT OR PROTECT AGAINST A LOSS ON SHARES YOU PURCHASED UNDER THE PLAN.

26. What happens if Capital One issues a stock dividend or declares a stock split?

Any common stock distributed by Capital One as a result of a stock dividend or a stock split on shares credited to your account or held by you in certificated form will be credited to your account.

27. May the Plan be changed or terminated?

While the Plan is intended to continue indefinitely, Capital One reserves the right to amend, modify, suspend or terminate the Plan at any time. You will be notified in writing of any modifications made to the Plan.

The Plan Administrator also may terminate your Plan account if you do not own at least one whole share. In the event that your Plan account is terminated for this reason, a check for the cash value of the fractional share based upon the then-current market price, less any processing fee, any service fee and any applicable taxes will be sent to you and your account will be closed.

USE OF PROCEEDS

The proceeds to Capital One from the issuance of shares of common stock pursuant to the Plan will be used for general corporate purposes.

INDEMNIFICATION UNDER THE SECURITIES ACT

Except in limited circumstances, Capital One is required by provisions in its Restated Certificate of Incorporation to indemnify its directors and officers against liability incurred by them as a result of their service in those capacities. Insofar as indemnification for liabilities arising under the Securities Act may be permitted to directors, officers or persons controlling Capital One pursuant to the foregoing provisions, Capital One has been informed that in the opinion of the Securities and Exchange Commission (the "SEC") such indemnification is against public policy as expressed in the Securities Act and is therefore unenforceable.

COMMON STOCK DIVIDENDS AND PRICE RANGE

Capital One has paid cash dividends on its common stock for each full quarter since the common stock became publicly held on November 22, 1994. Such dividends were paid in the following quarterly amounts per share for the last year:

2017	
First Quarter	\$0.40
Second Quarter	\$0.40
Third Quarter	\$0.40
Fourth Quarter	\$0.40

The following table shows the high and low closing sales prices of the common stock during the past three years as reported by Bloomberg.

ABOUT THIS PROSPECTUS

In this prospectus, “we,” “our,” “us,” or the “Corporation,” each refer to Capital One Financial Corporation.

This prospectus is part of a registration statement (No. 333-223608) that we have filed with the Securities and Exchange Commission, or the SEC, utilizing a “shelf” registration process. This prospectus provides you with a general description of the securities that we may issue and sell, and that selling securityholders may resell, from time to time. Each time we issue and sell securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may add, update or change information in this prospectus. If there is any inconsistency between the information in this prospectus and the prospectus supplement, you should rely on the information in the prospectus supplement. You should read both this prospectus and the prospectus supplement applicable to any offering, together with the additional information described under the heading “Where You Can Find More Information” below.

FORWARD-LOOKING STATEMENTS

This prospectus, any accompanying prospectus supplement and the documents incorporated by reference herein and therein contain forward-looking statements. Statements that are not historical facts, including statements about our beliefs and expectations, are forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (the “Securities Act”), and Section 21E of the Securities Exchange Act of 1934, as amended (the “Exchange Act”). Forward-looking statements include those that discuss, among other things, strategies, goals, outlook or other non-historical matters; projections, revenues, income, returns, expenses, capital measures, accruals for claims in litigation and for other claims against us; earnings per share or other financial measures for us; future financial and operating results; our plans, objectives, expectations and intentions; and the assumptions that underlie these matters. Forward-looking statements often use words such as “will,” “anticipate,” “target,” “expect,” “estimate,” “intend,” “plan,” “goal,” “believe” or other words of similar meaning. We have based these forward-looking statements on our current plans, estimates and projections, and you should not unduly rely on them. To the extent that any of the information in this prospectus, any accompanying prospectus supplement and the documents incorporated by reference herein and therein is forward-looking, it is intended to fit within the safe harbor for forward-looking information provided by the Private Securities Litigation Reform Act of 1995.

Numerous factors could cause our actual results to differ materially from those described in such forward-looking statements, including, among other things:

- general economic and business conditions in the U.S., the U.K., Canada or our local markets, including conditions affecting employment levels, interest rates, collateral values, consumer income, credit worthiness and confidence, spending and savings that may affect consumer bankruptcies, defaults, charge-offs and deposit activity;
- an increase or decrease in credit losses, including increases due to a worsening of general economic conditions in the credit environment, and the impact of inaccurate estimates or inadequate reserves;
- compliance with financial, legal, regulatory, tax or accounting changes or actions, including the impacts of the Act to provide for reconciliation pursuant to titles II and V of the concurrent resolution on the budget for fiscal year 2018 enacted on December 22, 2017 (the “Tax Act”), the Dodd-Frank Wall Street Reform and Consumer Protection Act (the “Dodd-Frank Act”), and other regulations governing bank capital and liquidity standards;
- developments, changes or actions relating to any litigation, governmental investigation or regulatory enforcement action or matter involving us;
- the inability to sustain revenue and earnings growth;
- increases or decreases in interest rates;
- our ability to access the capital markets at attractive rates and terms to capitalize and fund our operations and future growth;
- increases or decreases in our aggregate loan balances or the number of customers and the growth rate and composition thereof, including increases or decreases resulting from factors such as shifting product mix, amount of actual marketing expenses we incur and attrition of loan balances;
- the amount and rate of deposit growth;
- our ability to execute on our strategic and operational plans;
- our response to competitive pressures;
- changes in retail distribution strategies and channels, including the emergence of new technologies and product delivery systems;
- the success of our marketing efforts in attracting and retaining customers;

[Table of Contents](#)

- changes in the reputation of, or expectations regarding, the financial services industry or us with respect to practices, products or financial condition;
- any significant disruption in our operations or in the technology platforms on which we rely, including cybersecurity, business continuity and related operational risks, as well as other security failures or breaches of our systems or those of our customers, partners, service providers or other third parties;
- our ability to maintain a compliance and technology infrastructure suitable for the nature of our business;
- our ability to develop and adapt to rapid changes in digital technology to address the needs of our customers and comply with applicable regulatory standards, including our increasing reliance on third party infrastructure and compliance with data protection and privacy standards;
- the effectiveness of our risk management strategies;
- our ability to control costs, including the amount of, and rate of growth in, our expenses as our business develops or changes or as it expands into new market areas;
- the extensive use, reliability and accuracy of the models and data we rely on in our business;
- our ability to recruit and retain talented and experienced personnel;
- the impact from, and our ability to respond to, natural disasters and other catastrophic events, including hurricanes Harvey and Irma;
- changes in the labor and employment markets;
- fraud or misconduct by our customers, employees, business partners or third parties;
- merchants' increasing focus on the fees charged by credit card networks; and
- other risk factors identified from time to time in our public disclosures, including in the reports that we file with the SEC.

You should carefully consider the factors referred to above in evaluating these forward-looking statements.

When considering these forward-looking statements, you should keep in mind these risks, uncertainties and other cautionary statements made in this prospectus, any accompanying prospectus supplement and in the documents incorporated by reference. See the factors set forth under the "Risk Factors" section in any accompanying prospectus supplement and in any other documents incorporated or deemed to be incorporated by reference therein or herein, including our Annual Report on Form 10-K for the year ended December 31, 2017, as such discussion may be amended or updated by other reports filed by us with the SEC, for additional information that you should consider carefully in evaluating these forward-looking statements.

Forward-looking statements are not guarantees of future performance. They involve risks, uncertainties and assumptions, including the risk factors referred to above. Our future performance and actual results may differ materially from those expressed in forward-looking statements. Many of the factors that will determine these results and values are beyond our ability to control or predict. Any forward-looking statements made by us or on our behalf speak only as of the date they are made or as of the date indicated, and we do not undertake any obligation to update forward-looking statements as a result of new information, future events or otherwise.

WHERE YOU CAN FIND MORE INFORMATION

This prospectus is part of a registration statement we have filed with the SEC under the Securities Act. The registration statement, including the attached exhibits and schedules, contains additional relevant information about us and the securities described in this prospectus. The SEC's rules and regulations allow us to omit certain information included in the registration statement from this prospectus. The registration statement may be inspected by anyone without charge at the SEC's principal office at 100 F Street, N.E., Washington, D.C. 20549.

In addition, we file annual, quarterly and special reports, proxy statements and other information with the SEC under the Exchange Act. You may read and copy this information at the following SEC location:

You should not assume that the information in this prospectus, any accompanying prospectus supplement or any document incorporated by reference is accurate as of any date other than the date of the applicable document.

Our principal executive office is located at 1680 Capital One Drive, McLean, Virginia 22102 (telephone number (703) 720-1000). We maintain a website at www.capitalone.com. The information on our website is not part of this prospectus nor is it incorporated by reference. Documents available on our website include: (i) our Code of Business Conduct and Ethics; (ii) our Corporate Governance Guidelines; and (iii) charters for the Audit, Risk, Compensation, and Governance and Nominating Committees of our Board of Directors.

RATIO OF EARNINGS TO FIXED CHARGES AND RATIO OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

The following table sets forth our ratios of (1) earnings to fixed charges and (2) earnings to combined fixed charges and preferred stock dividends for each of the periods indicated.

<u>Ratio of Earnings to Fixed Charges:</u>	<u>Years Ended December 31,</u>				
	<u>2017</u>	<u>2016</u>	<u>2015</u>	<u>2014</u>	<u>2013</u>
Including Interest on Deposits	2.98	3.70	4.59	5.14	4.65
Excluding Interest on Deposits	5.68	7.75	11.84	14.19	12.82
Including Preferred Stock Dividends (and Including Interest on Deposits) (1)	2.39	3.21	4.02	4.84	4.46
Including Preferred Stock Dividends (and Excluding Interest on Deposits) (1)	3.58	5.60	8.28	11.82	11.26

(1) Preferred stock dividends requirements represent pre-tax earnings that would be required to cover any preferred stock dividends, computed using our effective tax rate, whenever there is an income tax provision, for the relevant periods. The impacts of the Tax Act to our effective tax rate for 2017 was 32.2% which is included in the calculations.

We compute the ratio of earnings to fixed charges by dividing earnings by the sum of fixed charges. The term “earnings” is the amount resulting from adding (a) income from continuing operations before income taxes, (b) fixed charges, and (c) equity in undistributed loss (gain) of unconsolidated subsidiaries. The term “fixed charges” includes the sum of the following: (a) interest expense on deposits and borrowing and (b) interest factor in rent expense.

We compute the ratio of earnings to combined fixed charges and preferred stock dividends by dividing earnings by the sum of fixed charges and preferred stock dividends.

USE OF PROCEEDS

Except as otherwise described in the applicable prospectus supplement, we intend to use the net proceeds from the sale of our securities for general corporate purposes in the ordinary course of our business. General corporate purposes may include repayment of debt, redemptions and repurchases of shares of our common stock and of our other securities, acquisitions, additions to working capital, capital expenditures and investments in our subsidiaries.

DESCRIPTION OF DEBT SECURITIES

We may from time to time issue debt securities which will be our direct unsecured general obligations. These debt securities are described below and will be senior debt securities or subordinated debt securities and any senior or subordinated debt securities that may be part of a unit, all of which are called debt securities. The senior debt securities will be issued under an indenture between us and The Bank of New York Mellon Trust Company, N.A., formerly known as The Bank of New York Trust Company, N.A. (as successor to Harris Trust and Savings Bank), as trustee, dated as of November 1, 1996, and the subordinated debt securities will be issued under an indenture dated as of August 29, 2006 between us and The Bank of New York Mellon Trust Company, N.A., as trustee, subject in each case to such amendments or supplemental indentures as may be adopted from time to time. Together, the senior indenture and the subordinated indenture are called the indentures, and the senior indenture trustee and the subordinated indenture trustee are called the indenture trustees.

We have summarized selected provisions of the indentures below. The summary is not complete and does not describe every aspect of the indentures. A copy of each of the senior indenture and the subordinated indenture has been filed as an exhibit to the registration statement of which this prospectus is a part and has been qualified as an indenture under the Trust Indenture Act of 1939, as amended, or the Trust Indenture Act. You should read the more detailed provisions of the applicable indenture, including the defined terms, for provisions that may be important to you. You should also consider applicable provisions of the Trust Indenture Act. In the summary below, we have included references to section numbers so that you can easily locate these provisions. The particular terms of any debt securities we offer will be described in the related prospectus supplement, along with any applicable modifications of or additions to the general terms of the debt securities described below and in the indentures. For a description of the terms of any series of debt securities, you should also review both the prospectus supplement relating to that series and the description of the debt securities set forth in this prospectus before making an investment decision. Capitalized terms used in the summary have the meanings specified in the applicable indenture.

As of December 31, 2017, we had \$31 billion in senior and subordinated notes outstanding that mature in varying amounts from 2018 to 2027, of which \$26 billion in aggregate outstanding amount was senior debt securities and \$5 billion in aggregate outstanding amount was subordinated debt securities. \$4 billion and \$12 billion in senior and subordinated debt securities were issued by our consolidated subsidiaries, Capital One Bank (USA), National Association (“COBNA”) and Capital One, National Association (“CONA”), respectively.

General

The debt securities will be our direct unsecured obligations. The indentures do not significantly limit our operations. In particular, they do not:

- limit the amount of debt securities that we can issue under the indentures;
- limit the number of series of debt securities that we can issue from time to time;
- limit or otherwise restrict the total amount of debt that we or our subsidiaries may incur or the amount of other securities that we may issue;
- require us or an acquiror to repurchase debt securities in the event of a “change in control;” or
- contain any covenant or other provision that is specifically intended to afford any holder of the debt securities any protection in the event of highly leveraged transactions or similar transactions involving us or our subsidiaries.

The senior debt securities will rank equally with all of our other unsecured unsubordinated indebtedness. The subordinated debt securities will have a position junior to all of our senior indebtedness.

Because we are a holding company, dividends and fees from our subsidiaries are our principal source of revenues from which to repay the debt securities. Our subsidiaries engaged in the banking or credit card business can only pay dividends if they are in compliance with applicable United States federal and state regulatory requirements. Our right to participate in any asset distribution of any of our subsidiaries, including COBNA and CONA, on liquidation, reorganization or otherwise, will rank junior to the rights of all creditors of that subsidiary (except to the extent that we may ourselves be an unsubordinated creditor of that subsidiary). As a result, the rights of holders of debt securities to benefit from those distributions will also be junior to the rights of all creditors of our subsidiaries. Consequently, the debt securities will be effectively subordinated to all liabilities of our subsidiaries. COBNA and CONA are subject to claims by creditors for long-term and short-term debt obligations, including deposit liabilities, obligations for federal funds purchased and securities sold under repurchase agreements. There are also various legal limitations on the extent to which COBNA and CONA may pay dividends or otherwise supply funds to us or our other affiliates.

Terms

A prospectus supplement relating to the offering of any series of debt securities will include specific terms relating to the offering. These terms will include some or all of the following (unless specified otherwise or in context, section references are to sections of both the senior indenture and subordinated indenture):

- the title, series, form and type of the offered debt securities;
- whether the offered debt securities will be senior or subordinated debt;
- the indenture under which the offered debt securities are being issued;
- whether the offered debt securities are to be issued in registered form, bearer form or both;
- the aggregate principal amount of the offered debt securities and any limit upon the aggregate principal amount of the debt securities of such title or series;
- the date or dates (including the maturity date) or method, if any, for determining such dates, on which the principal of the offered debt securities will be payable (and any provisions relating to extending or shortening the date on which the principal of the offered debt securities is payable);

Table of Contents

- the interest rate, or method, if any, for determining the interest rate, the date or dates from which interest will accrue, or method, if any, for determining such dates, the interest payment dates, if any, on which interest will be payable, and whether and under what circumstances additional amounts on the offered debt securities will be payable; the manner in which payments with respect to the offered debt securities will be made; and the place or places where principal of, premium, if any, interest on and additional amount, if any, will be payable;
- whether the offered debt securities are redeemable at our option, and if so, the periods, prices, and other terms regarding such optional redemption;
- whether we are obligated to redeem or repurchase the offered debt securities pursuant to any sinking fund or at the option of any holder thereof and, if so, the periods, prices, and other terms regarding such repurchase or redemption;
- the denominations in which the offered debt securities will be issuable;
- if other than the principal amount, the portion of the principal amount of the offered debt securities payable upon the acceleration of the maturity date or the method by which such portion is to be determined;
- the currency for payment of principal, premium, interest and any additional amount with respect to the offered debt securities, whether the principal of, premium, if any, interest on or additional amount, if any, with respect to the offered debt securities are to be payable, at our election or any holder's election, in a currency other than that in which the offered debt securities are denominated, the period in which that election may be made and the time and manner of determining the applicable exchange rate;
- the percentage of the principal amount or price at which the offered debt securities will be issued;
- whether the amount of payments of principal of, premium, if any, interest on, or additional amount, if any, with respect to the offered debt securities may be determined by reference to an index, formula or other method, and if so, the terms and conditions and the manner in which such amounts will be determined and paid or payable;
- any changes to the covenants or additional events of default or covenants;
- whether and upon what terms the offered debt securities may be defeased (which means that we would be discharged from our obligations by depositing sufficient cash or government securities to pay the principal of, premium, if any, interest on, or additional amount, if any, due to the stated maturity date or a redemption date of the offered debt securities);
- whether the offered debt securities will be convertible into our common stock and, if so, the initial conversion price, the periods and terms of the conversion or exchange; and
- any other terms not inconsistent with the provisions of the indentures. (Section 301)

Form of the Debt Securities

The indentures provide that we may issue senior and subordinated debt securities in registered form, in bearer form or in both registered and bearer form. Unless we indicate otherwise in the applicable prospectus supplement, each series of senior and subordinated debt securities will be issued in registered form, without coupons. Holders of "registered form" securities will be listed on the applicable indenture trustee's register for the applicable debt securities. (Sections 201 and 305)

Unless we indicate otherwise in the applicable prospectus supplement, we will issue senior and subordinated debt securities in registered form, without coupons, in denominations of \$1,000 or any integral multiple of \$1,000. Unless we indicate otherwise in the applicable prospectus supplement, we will issue senior and subordinated debt securities in bearer form in denominations of \$5,000 or any integral multiple of \$5,000. There will be no service charge for any registration of transfer, exchange, redemption, or conversion of senior and subordinated debt securities, but we or the applicable indenture trustee may require the holder to pay any tax or other governmental charge that may be imposed in connection with any registration of a transfer or exchange of the senior or subordinated debt securities, other than certain exchanges not involving any transfer. (Sections 302 and 305)

If we issue the debt securities in bearer form, the debt securities will have interest coupons attached. "Bearer form" securities are payable to whomever physically holds them from time to time. Debt securities in bearer form will not be offered, sold, resold or delivered in connection with their original issuance in the United States or to any United States person other than through offices of certain United States financial institutions located outside the United States. Purchasers of debt securities in bearer form will be subject to certification procedures and may be affected by United States tax law limitations. These procedures and limitations will be described in the applicable prospectus supplement.

Registration, Transfer, Payment and Paying Agent

Unless we indicate otherwise in the applicable prospectus supplement, payments on the debt securities will be made at our office or agency maintained for that purpose. We have appointed an agency in New York, New York to make payments on the debt securities; however, we may change our agent from time to time. Any transfer of the debt securities will be registerable at the same place. In addition, we may choose to pay interest by check mailed to the address in the security register of the person in whose name the debt security is registered at the close of business on the applicable record date. (Sections 1002 and 307) Unless we indicate otherwise in the applicable prospectus supplement, any interest and any additional amounts with respect to any debt securities which is payable, but not punctually paid or duly provided for, may be paid to the holders as of a special record date fixed by the trustee or in any other lawful manner. (Section 307)

[Table of Contents](#)

Unless we indicate otherwise in the applicable prospectus supplement, payments of principal of, premium, if any, and interest on debt securities in bearer form will be made at the office outside the United States specified in the applicable prospectus supplement and as we may designate from time to time. Payment can also be made by check or by transfer to an account maintained by the payee with a bank located outside the United States. Unless we indicate otherwise in the applicable prospectus supplement, payment on debt securities in bearer form will be made only if the holder surrenders the coupon relating to the interest payment date. We will not make any payments on any debt security in bearer form at any office or agency in the United States, by check mailed to any address in the United States or by transfer to any account maintained with a bank located in the United States. (Sections 1001 and 1002)

Global Debt Securities

Unless we indicate otherwise in the applicable prospectus supplement for a series of debt securities, each series of debt securities will be issued in global form, which means that we will deposit with the depository identified in the applicable prospectus supplement (or its custodian) one or more certificates representing the entire series, as described below under “Book-Entry Procedures and Settlement.” Global debt securities may be issued in either temporary or permanent form. (Sections 201 and 203)

The applicable prospectus supplement will describe any limitations and restrictions relating to a series of global senior or subordinated debt securities.

Covenants

Under the senior indenture, we agree to the following:

- Except as permitted as described in this prospectus under “Description of Debt Securities—Consolidation, Merger and Sale of Assets,” we will preserve and keep in full force and effect our corporate existence and the corporate existence of each of our significant subsidiaries (as defined below) and our rights (charter and statutory) and franchises and those of each of our significant subsidiaries. However, neither we nor any of our significant subsidiaries will be required to preserve any of these rights or franchises if we or the significant subsidiary, as the case may be, determine that the preservation of these rights or franchises is no longer desirable in the conduct of our or its business, as applicable, and that the loss of these rights or franchises is not disadvantageous in any material respect to the holders of the senior debt securities. (Section 1007)
- The senior indenture contains a covenant by us limiting our ability to dispose of the voting stock of a significant subsidiary. A “significant subsidiary” is any of our majority-owned subsidiaries the consolidated assets of which (as reflected on our consolidated balance sheet) constitute 20% or more of our consolidated assets. This covenant generally provides that, except as permitted as described in this prospectus under “Description of Debt Securities—Consolidation, Merger and Sale of Assets,” as long as any of the senior debt securities are outstanding:
- neither we nor any of our significant subsidiaries will sell, assign, transfer or otherwise dispose of the voting stock of a significant subsidiary or securities convertible into or options, warrants or rights to subscribe for or purchase such voting stock, and we will not permit a significant subsidiary to issue voting stock, or securities convertible into or options, warrants or rights to subscribe for or purchase such voting stock, in each case if, after giving effect to such transaction and to the issuance of the maximum number of shares of voting stock of the significant subsidiary issuable upon the exercise of all such convertibles securities, options, warrants or rights, such significant subsidiary would cease to be a controlled subsidiary (as defined below); and
- we will not permit a significant subsidiary to merge or consolidate with or into any corporation unless the survivor is us or is, or upon consummation of the merger or consolidation will become, a controlled subsidiary, or to lease, sell or transfer all or substantially all of its properties and assets except to us or a controlled subsidiary or a person that upon such lease, sale or transfer will become a controlled subsidiary. (Section 1005)

A “controlled subsidiary” is a significant subsidiary at least 80% of the voting stock of which is owned by us and/or one or more of our controlled subsidiaries.

The limitations described above do not apply to certain transactions required by law, rule, regulation or governmental order (including as a condition to an acquisition of another entity by us) or to any sale or transfer of assets in a securitization transaction.

Under the subordinated indenture, we agree to the following:

- Except as permitted as described in this prospectus under “Description of Debt Securities—Consolidation, Merger and Sale of Assets,” we will preserve and keep in full force and effect our corporate existence and our rights (charter and statutory) and franchises. However, we will not be required to preserve any of these rights or franchises if we determine that the preservation of these rights or franchises is no longer desirable in the conduct of our business and that the loss of these rights or franchises is not disadvantageous in any material respect to the holders of the subordinated debt securities. (Section 1007)

In addition, the senior indenture contains a covenant by us limiting our ability to create liens on the voting stock of a significant subsidiary. This covenant generally provides that, as long as any of the senior debt securities are outstanding, neither we nor any of our subsidiaries will create, assume or incur any pledge, encumbrance or lien upon a significant subsidiary’s voting stock, or upon securities convertible into or options, warrants or rights to subscribe for or purchase, a significant subsidiary’s voting stock, directly or indirectly, to secure indebtedness for borrowed money, if, treating such pledge, encumbrance or lien as a transfer of the significant subsidiary’s voting stock or securities convertible into or options, warrants or rights to subscribe for or purchase the significant subsidiary’s voting stock to the secured party (in each case after giving effect to such transaction and to the issuance of the maximum number of shares of voting stock of the significant subsidiary issuable upon the exercise of all such convertible securities, options, warrants or rights), the significant subsidiary would not continue to be a controlled subsidiary, unless the senior debt securities are equally and ratably secured with any and all such indebtedness by this pledge, encumbrance or lien. (Section 1006)

[Table of Contents](#)

Subordination of Subordinated Debt Securities

Unless we indicate otherwise in the applicable prospectus supplement, the following provisions will apply to subordinated debt securities. Section references are to sections of the subordinated indenture.

Subordinated debt securities will be subordinated in right of payment to all “senior indebtedness,” as defined below. Payments on subordinated debt securities also will be effectively subordinated if:

- we are involved in insolvency, bankruptcy or similar proceedings;
- the maturity of any series of our subordinated debt securities is accelerated because of certain events of bankruptcy, insolvency or reorganization of us or a major depository institution subsidiary; or
- we fail to pay the principal of, premium, if any, or interest on any senior indebtedness when due, or an event of default occurs and is continuing with respect to any senior indebtedness permitting the holders of such senior indebtedness to declare the senior indebtedness due and payable prior to the date on which it would otherwise have become due and payable. (Section 1601)

Because of this subordination, some of our creditors may receive more, ratably, than holders of subordinated debt securities if we are insolvent.

After all payments have been made to the holders of senior indebtedness, any holders of subordinated debt securities will be subrogated to the rights of holders of senior indebtedness to receive payments or distributions of cash, property or securities from us applicable to such senior indebtedness until all amounts owing on the subordinated debt securities have been paid in full. (Section 1602)

“Senior indebtedness” includes: (1) the principal of, premium, if any, and interest on, whether outstanding now or incurred later, (a) all indebtedness for money borrowed by us, including indebtedness of others that we guarantee, other than the subordinated debt securities and the junior subordinated debt securities and other indebtedness that is expressly stated as not senior, and (b) any amendments, renewals, extensions, modifications and refundings of any indebtedness, unless in either case the instrument evidencing the indebtedness provides that it is not senior in right of payment to the subordinated debt securities; (2) all our capital lease obligations and any synthetic lease or tax retention operating lease; (3) all our obligations issued or assumed as the deferred purchase price of property, and all conditional sale or title retention agreements, but excluding trade accounts payable in the ordinary course of business; (4) all our obligations, contingent or otherwise, in respect of any letters of credit, bankers acceptances, security purchase facilities and similar credit transactions; (5) all our obligations in respect of interest rate swap, cap or similar agreements, interest rate future or options contracts, currency swap agreements, currency future or option contracts, commodity contracts and other similar agreements; (6) all obligations of the type referred to in clauses (1) through (5) of other persons for the payment of which we are responsible or liable as obligor, guarantor or otherwise; and (7) all obligations of the type referred to in clauses (1) through (6) of other persons secured by any lien on any of our property or assets whether or not such obligation is assumed by us.

Senior indebtedness does not include: (1) subordinated debt securities; (2) any indebtedness that by its terms is subordinated to, or ranks on an equal basis with, subordinated debt securities; and (3) any indebtedness between or among us and our affiliates, including (a) any junior subordinated debt securities, (b) trust preferred securities guarantees and (c) all other debt securities and guarantees in respect of those debt securities, issued to any trust, or a trustee of such trust, partnership or other entity affiliated with us which is our financing vehicle in connection with the issuance by such financing vehicle of trust preferred securities or other securities guaranteed by us pursuant to an instrument that ranks on an equal basis with, or junior to, the trust preferred securities guarantees.

Consolidation, Merger and Sale of Assets

Each indenture generally permits a consolidation or merger between us and another corporation and the conveyance, transfer or lease by us of all or substantially all of our property or assets, in each case without the consent of the holders of any outstanding debt securities. However, each indenture requires that:

- the successor or purchaser is a corporation organized under the laws of the United States of America, any state thereof or the District of Columbia and expressly assumes our obligations on the debt securities under the applicable indenture;
- immediately after giving effect to the transaction, no event which, after notice or lapse of time, would become an event of default, will have occurred and be continuing pursuant to the applicable indenture; and
- either we or the successor person has delivered to the applicable indenture trustee an officer’s certificate and an opinion of counsel stating the consolidation, merger, transfer or lease, as applicable, complied with these provisions and all conditions precedent of the applicable indenture. (Section 801)

The successor shall be substituted for us as if it had been an original party to the indentures and the debt securities. Thereafter, the successor may exercise our rights and powers under the indentures and the debt securities and, except in the case of a lease, we will be released from all of our obligations and covenants under those documents. (Section 802)

Exchange of Debt Securities

Registered debt securities may be exchanged for an equal aggregate principal amount of registered debt securities of the same series containing identical terms and provisions in authorized denominations requested by the holders upon surrender of the registered debt securities at an office or agency that we maintain for that purpose and upon fulfillment of all other requirements set forth in the indentures. (Section 305)

Conversion and Exchangeability

The holders of debt securities that are convertible into our common stock or exchangeable into other securities will be entitled to convert or exchange the debt securities under some circumstances. The terms of any conversion or exchange will be described in the applicable prospectus supplement.

Events of Default

Unless we indicate otherwise in the applicable prospectus supplement for any series of debt securities, events of default with respect to any series of debt securities are:

- failure to pay the interest or any additional amount payable on any debt security of such series when due and continuance of that default for 30 days;
- failure to pay the principal of or any premium on any debt security of such series when due and payable;
- failure to deposit any sinking fund payment when and as due by the terms of any debt security of such series;
- failure to perform or the breach of any covenant or warranty in the applicable indenture or the debt securities (other than a covenant or warranty included solely for the benefit of a series of debt securities other than such series) that continues for 60 days after we are given written notice by the trustee or we and the trustee are given written notice by the holders of at least 25% of the outstanding debt securities of such series;
- in the case of the senior debt securities, any event of default under any mortgage, indenture or other instrument securing or evidencing any indebtedness of us or any significant subsidiary for money borrowed, resulting in such indebtedness in principal amount exceeding \$10,000,000 becoming or being declared due and payable prior to the date on which it would otherwise become due and payable, if the acceleration is not rescinded or annulled within 30 days after written notice;
- in the case of the senior debt securities, certain events of bankruptcy, insolvency or reorganization of us or any of our significant subsidiaries and in the case of the subordinated debt securities, certain events of bankruptcy, insolvency or reorganization of us or a major depository institution subsidiary; or
- any other event of default included in any indenture or supplemental indenture. (Section 501)

If a default occurs with respect to any series of senior or subordinated debt securities, the applicable indenture trustee will give the holders of those debt securities notice of the default as and to the extent provided by the Trust Indenture Act. (Section 501)

If an event of default with respect to any series of senior debt securities occurs and continues, either the senior indenture trustee or the holders of not less than 25% of the aggregate principal amount of the outstanding senior debt securities of that series may declare the principal amount (or such lesser amount as may be provided for the senior debt securities of such series) of all the senior debt securities of that series to be due and payable immediately. Payment of the principal of subordinated debt securities may be accelerated only in the case of certain events of bankruptcy, insolvency or reorganization of us or one of our major depository institution subsidiaries. Subordinated debt securities cannot be accelerated if we default in our performance of any other covenant, including payment of principal or interest. (Section 502)

Any time after a declaration of acceleration has been made and before a judgment or decree for payment of the money due has been obtained the majority holders may, under certain circumstances, void the declaration. "Majority holders" are the holders of a majority of the aggregate principal amount of outstanding senior or subordinated debt securities of that series. (Section 502)

The majority holders may direct the time, method and place of conducting any proceeding for any remedy available to the applicable indenture trustee, or exercising any trust or power conferred on the applicable indenture trustee, for the senior or subordinated debt securities of that series. (Section 512). The applicable indenture trustee generally is not obligated to exercise any of its rights or powers under any senior or subordinated indenture at the request or direction of any of the holders, unless those holders offer the applicable indenture trustee reasonable indemnity. (Section 601)

A holder does not have the right to institute a proceeding with respect to the indenture, for the appointment of a receiver or a trustee, or for any other remedy, unless:

- the holder has previously given written notice to the applicable indenture trustee of a continuing event of default;
- the holders of not less than 25% of the aggregate principal amount of the outstanding debt securities of the applicable series have made a written request to the applicable indenture trustee to institute proceedings in respect of such event of default in its own name as trustee under the applicable indenture, and such holders have offered to the applicable indenture trustee reasonable indemnity against the costs, expenses and liabilities to be incurred in compliance with such request;
- the applicable indenture trustee has failed to institute a proceeding within 60 days after receipt of such notice, request and offer of indemnity; and
- the applicable indenture trustee has not received an inconsistent direction from the majority holders within such 60-day period. (Section 507)

However, these limitations do not apply to a suit for the enforcement of payment or conversion rights instituted on or after the respective due dates of the senior and subordinated debt securities of the applicable series. (Section 508)

Waivers of Certain Covenants and Past Defaults

The holders of not less than a majority of the aggregate principal amount of the outstanding senior and subordinated debt securities of each series may, on behalf of all holders of that series, waive our compliance with certain restrictive provisions of the applicable indenture. They also may waive any past default with respect to that series under the applicable indenture, except (1) a default in the payment of principal of, premium, if any, interest on or any additional amount, or (2) a default in the performance of certain covenants which cannot be modified without the consent of all of the holders of the applicable series. (Sections 513 and 1008)

Amendments to the Indentures

Supplemental Indentures with Consent of Holders

Unless we indicate otherwise in the applicable prospectus supplement, we and the applicable trustee may modify or amend an indenture, with the consent of the holders of at least 66-2/3% in principal amount of each series of the senior or subordinated debt securities affected by the modification or amendment. However, no modification or amendment may, without the consent of each holder affected by the modification or amendment:

- change the due date of the principal of, or any premium or installment of interest on, or any additional amounts with respect to any debt security;
- reduce the principal amount of, or the rate of interest on, or any additional amounts or premium, if any, payable with respect to any debt security, or, except as otherwise permitted, change an obligation to pay additional amounts with respect to any debt security, or adversely affect the right of repayment at the option of any holder, if any;
- change the place of payment, the currency in which the principal of, any premium, if any, or interest on, or any additional amounts with respect to any debt security is payable or impair the right to institute suit for the enforcement of any such payment on or after the due date thereof (or, in the case of redemption, on or after the redemption date or, in the case of repayment at the option of the holder, on or after the date for repayment);
- reduce the percentage in principal amount of outstanding debt securities of any series the consent of whose holders is required for any supplemental indenture, or the consent of whose holders is required for any waiver (of compliance with certain provisions of the applicable indenture or certain defaults thereunder and their consequences) under the applicable indenture or reduce requirements for quorum or voting;
- modify any of the provisions in the applicable indenture provisions described above under “Waivers of Certain Covenants and Past Defaults” and in this section “Amendments to the Indentures—Supplemental Indentures with Consent of Holders,” except to increase any percentage in principal amount of outstanding debt securities of any series the consent of whose holders is required for a supplemental indenture or waiver, or to provide that certain other provisions of the applicable indenture cannot be modified or waived without the consent of the holders of each outstanding debt security affected thereby;
- adversely affect the right of any holder to convert any convertible debt securities; or
- in the case of the subordinated indenture, modify the subordination provisions in a manner adverse to the holders of the subordinated debt securities. (Section 902)

Supplemental Indentures without Consent of Holders

Except as otherwise provided in the applicable prospectus supplement, we and the applicable indenture trustee may modify and amend an indenture without the consent of any holder for any of the following purposes:

- to evidence the succession of another person to us, and the assumption by the successor of our covenants in the applicable indenture and in the debt securities;
- to add to our covenants for the benefit of the holders of all or any series of debt securities or to surrender any right or power conferred upon us in the applicable indenture;
- to add or change any provisions of the applicable indenture to provide that bearer debt securities may be registrable as to principal, to change or eliminate restrictions on payments with respect to debt securities, to permit registered securities to be exchanged for bearer securities, to permit bearer securities to be exchanged for bearer securities of other authorized denominations or to permit or facilitate the issuance of securities in uncertificated form, provided any such action does not adversely affect the interests of the holders of any debt securities or related coupons in any material respect;
- to establish the form or terms of debt securities of any series and any related coupons;
- to evidence and provide for the acceptance of appointment by a successor trustee and to add to or change any provisions of the applicable indenture as necessary to provide for or facilitate the administration of the trusts under the applicable indenture by more than one trustee;
- to cure any ambiguity or to correct or supplement any provision in the applicable indenture that may be defective or inconsistent with any other provision of the applicable indenture, or to make any other provisions with respect to matters or questions arising under the applicable indenture which do not adversely affect the interests of the holders of any debt securities or related coupons in any material respect;
- to modify the conditions, limitations and restrictions on the authorized amount, terms or purposes of issue, authentication and delivery of debt securities;
- to add additional events of default with respect to all or any series of debt securities;
- to supplement any of the provisions of the applicable indenture to the extent necessary to permit or facilitate the defeasance and discharge of any series of debt securities, provided the action does not adversely affect the interests of the holders of any debt securities of that series or related coupons or any other debt securities or related coupons in any material respect;
- to secure the debt securities;

[Table of Contents](#)

- to amend or supplement any provision of the applicable indenture or any supplemental indenture, provided that the amendment or supplement does not materially adversely affect the interests of the holders of outstanding debt securities; and
- to make certain provisions with respect to conversion rights. (Section 901)

Legal Defeasance and Covenant Defeasance

If the applicable prospectus supplement provides for defeasance, we may at any time elect to defease and will be deemed to have paid and discharged our obligations on the applicable debt securities if:

- no event of default has occurred and is continuing, or would occur upon the giving of notice or lapse of time, at the time of the satisfaction and discharge;
- either (1) we have irrevocably deposited with the applicable indenture trustee sufficient cash or government securities to pay when due all the principal of, premium, if any, interest on and additional amounts, if any, with respect to the applicable debt securities, through the stated maturity or redemption date of the applicable debt securities (or, in the case of debt securities which have become due and payable, through the date of such deposit), or (2) we have properly fulfilled such other means of satisfaction and discharge as is provided in or pursuant to the applicable indenture for the applicable debt securities;
- we have paid all other sums payable under the applicable indenture with respect to the applicable debt securities and any related coupons;
- we have delivered to the applicable trustee a certificate of our independent public accountants certifying as to the sufficiency of the amounts deposited by us, and an officers' certificate and opinion of counsel as required by the applicable indenture; and
- we have delivered to the applicable trustee an opinion of counsel to the effect that the holders will have no federal income tax consequences as a result of the deposit or termination and if the applicable debt securities are listed on the New York Stock Exchange, an opinion of counsel that the applicable debt securities will not be delisted.

In the case of a defeasance, the holders of the applicable debt securities of the series will not be entitled to the benefits of the applicable indenture, except for the registration of transfer or exchange and the replacement of stolen, lost or mutilated applicable debt securities and the requirements regarding the maintenance of an office or agency where the applicable debt securities can be surrendered for payment or registration of transfer or exchange and the right of the holders of the applicable debt securities to receive from the deposited funds payment of the principal of, premium, if any, interest on, and any additional amounts, if any, with respect to the applicable debt securities when due. (Section 402)

Determining the Outstanding Debt Securities

Unless otherwise provided in or pursuant to the applicable indenture, we will consider the following factors in determining whether the holders of the requisite principal amount of outstanding debt securities have given any request, demand, authorization, direction, notice, consent or waiver under the applicable indenture or are present at a meeting of holders of debt securities for quorum purposes:

- in the case of any debt security that by its terms provides for declaration of a principal amount less than the principal face amount of the debt security to be due and payable upon acceleration, the principal amount that will be deemed to be outstanding will be the principal amount that would be declared to be due and payable upon a declaration of acceleration thereof at the time of such determination;
- in the case of any indexed security, the principal amount that will be deemed to be outstanding will be the principal face amount of the indexed security at original issuance;
- in the case of any debt security denominated in one or more foreign currency units, the principal amount that will be deemed to be outstanding will be the U.S. dollar equivalent based on the applicable exchange rate or rates at the time of sale; and
- any debt securities owned by us or any other obligor upon the debt securities or any of our or such other obligor's affiliates, will be disregarded and deemed not to be outstanding. (Section 101)

Governing Law

The indentures will be governed by, and construed in accordance with, the laws of the State of New York.

Regarding the Indenture Trustees

In the normal course of business, we and our subsidiaries conduct banking transactions with the indenture trustees, and the indenture trustees conduct banking transactions with us and our subsidiaries.

DESCRIPTION OF PREFERRED STOCK

Our Restated Certificate of Incorporation, dated April 30, 2015 (our “Restated Certificate of Incorporation”), authorizes our Board of Directors, or the Board, to create and provide for the issuance of one or more series of preferred stock, par value \$.01 per share, without the approval of our stockholders. The Board can also determine the terms, including the designations, powers, preferences and rights (including conversion, voting and other rights) and the qualifications, limitations or restrictions, of any preferred stock. Currently, 50,000,000 shares of our authorized capital stock are classified as preferred stock under our Restated Certificate of Incorporation. As of December 31, 2017, 4,475,000 shares of preferred stock were issued and outstanding.

General

The following description summarizes the general terms and provisions of our authorized preferred stock. The particular terms of any series of preferred stock we offer will be described in the related prospectus supplement. You should read the particular terms of any series of preferred stock we offer described in the related prospectus supplement, together with the more detailed provisions of our Restated Certificate of Incorporation and the certificate of designation relating to the particular series of preferred stock, for provisions that may be important to you. Our Restated Certificate of Incorporation has been filed as an exhibit to the registration statement of which this prospectus is a part. The certificate of designation relating to the particular series of preferred stock will be filed as an exhibit to a document incorporated by reference in the registration statement. The prospectus supplement will also state whether any of the terms summarized below do not apply to the series of preferred stock being offered. Terms which could be included in a prospectus supplement include:

- the designation of the preferred stock and the number of shares offered;
- the amount of liquidation preference per share;
- the price at which the preferred stock will be issued;
- the dividend rate, or its method of calculation, and the dates on which dividends will be payable;
- whether the dividends will be cumulative or noncumulative, and, if cumulative, the dates from which dividends will commence to cumulate;
- any redemption or sinking fund provisions of the preferred stock;
- whether we have elected to offer depositary shares, as described below;
- the terms and conditions, if any, upon which the preferred stock will be convertible into or exchangeable for common stock or other securities; and
- any additional voting, dividend, liquidation, redemption, sinking fund and other rights, preferences, privileges, limitations and restrictions of the preferred stock.

The preferred stock will, when issued, be fully paid and nonassessable and have no preemptive rights. Preferred stock will have the dividend, liquidation, and voting rights described below, unless we indicate otherwise in the applicable prospectus supplement relating to a particular series of preferred stock. You should read the prospectus supplement relating to any series of preferred stock for the series’ specific terms.

Dividend Rights

Holders of preferred stock will receive, when, as and if declared by the Board, dividends at rates and on the dates described in the applicable prospectus supplement. Each dividend will be payable to the holders of record as they appear on our stock record books of the Corporation or, if applicable, the records of the depositary on the record dates fixed by the Board or its committee. Dividends on any series of preferred stock may be cumulative or noncumulative. The Corporation’s ability to pay dividends on the preferred stock depends on the ability of COBNA and CONA to pay dividends to the Corporation. The ability of the Corporation, COBNA and CONA to pay dividends in the future is subject to bank regulatory requirements and capital guidelines and policies established by the Federal Reserve Board.

[Table of Contents](#)

We will not declare or pay or set apart funds for the payment of dividends on any securities which rank equally with the preferred stock unless we have paid or set apart funds for the payment of dividends on the preferred stock. If full dividends are not paid, the preferred stock will share dividends pro rata with any equally ranked securities.

Voting Rights

Unless we indicate otherwise in the applicable prospectus supplement relating to a particular series of preferred stock or expressly required by law, the holders of the preferred stock will not have any voting rights.

Rights upon Liquidation

If we liquidate, dissolve or wind up our affairs, either voluntarily or involuntarily, the holders of each series of preferred stock will be entitled to receive liquidation distributions. These will be in the amounts set forth in the applicable prospectus supplement, plus accrued and unpaid dividends and, if the series of the preferred stock is cumulative, accrued and unpaid dividends for all prior dividend periods. If we do not pay in full all amounts payable on any series of preferred stock, the holders of the preferred stock will share proportionately with any equally ranked securities in any distribution of our assets. After the holders of any series of preferred stock are paid in full, they will not have any further claim to any of our remaining assets.

Because the Corporation is a holding company, the rights of its stockholders to participate in the assets of any subsidiary, including COBNA and CONA, upon the subsidiary's liquidation or recapitalization may be subject to the prior claims of the subsidiary's creditors, except to the extent that the Corporation may itself be a creditor with recognized claims against the subsidiary.

Redemption

A series of preferred stock may be redeemable, in whole or in part, at our option or at the option of the holder of the stock, and may be subject to mandatory redemption pursuant to a sinking fund, under the terms described in any applicable prospectus supplement.

In the event of partial redemptions of preferred stock, the Board or its committee will determine the method for selecting the shares to be redeemed, which may be by lot or pro rata or by any other method the Board or its committee determines to be equitable.

On and after a redemption date, unless we default in the payment of the redemption price, dividends will cease to accrue on shares of preferred stock which were called for redemption. In addition, all rights of holders of the preferred shares will terminate except for the right to receive the redemption price.

Conversion and Exchange

The applicable prospectus supplement for any series of preferred stock will state the terms and conditions, if any, on which shares of that series are convertible into or exchangeable for our common stock or other securities, including:

- the number of shares of common stock or other securities into which the shares of preferred stock are convertible or for which the shares of preferred stock may be exchanged;
- the conversion price or exchange price or manner of calculation;
- the conversion period or exchange period;
- provisions as to whether conversion or exchange will be at the option of the holders of the preferred stock or at our option, if applicable;
- any events requiring an adjustment of the conversion price or exchange price; and
- provisions affecting conversion or exchange in the event of the redemption of the series of preferred stock.

DESCRIPTION OF COMMON STOCK

The Corporation is authorized to issue 1,000,000,000 shares of common stock, par value \$.01 per share. As of December 31, 2017, 485,525,340 shares of common stock were issued and outstanding. The common stock is traded on the New York Stock Exchange under the symbol “COF.” All outstanding shares of common stock are and will be fully paid and nonassessable.

The following summary is not complete, and you should refer to the applicable provisions of the Delaware General Corporation Law and our Restated Certificate of Incorporation and Amended and Restated Bylaws, dated October 5, 2015 (our “Amended and Restated Bylaws”), for additional information. See “Where You Can Find More Information.”

Voting and Other Rights

Each share of common stock is entitled to one vote on all matters submitted to a vote of stockholders. Except as otherwise provided by law, the Restated Certificate of Incorporation or the Amended and Restated Bylaws, a majority of the votes cast is required for all actions to be taken by stockholders. Directors in uncontested elections shall be elected by a majority of votes cast; however, in contested elections, a plurality standard shall apply. Stockholders do not have cumulative voting rights in the election of directors, which means that the holders of a majority of the votes cast in an election of directors can elect all of the directors. Shares of common stock also do not have any preemptive, subscription, redemption, sinking fund or conversion rights.

The foregoing rights may be subject to voting and other rights that we may grant from time to time to the holders of other classes of our securities.

For a more detailed description of the terms of these and similar rights granted to the holders of other classes of our securities, please refer to the applicable prospectus supplement for any offering of our common stock pursuant to this registration statement, to our Restated Certificate of Incorporation, and to the documents and other information that we incorporate by reference elsewhere in this prospectus. See “Where You Can Find More Information.”

Distribution

To the extent outstanding preferred stock provides for a dividend preference, any dividends payable on our common stock are subject to such preference. Dividends must be declared by the Board out of legally available funds. If we liquidate, dissolve or wind up our affairs, common stockholders are entitled to share proportionately in the assets available for distribution to common stockholders.

Anti-Takeover Provisions of the Restated Certificate of Incorporation and Amended and Restated Bylaws

Certain provisions in our Restated Certificate of Incorporation and Amended and Restated Bylaws could make more difficult or discourage a tender offer, proxy contest or other takeover attempt that is opposed by the Board but which might be favored by the stockholders. The Restated Certificate of Incorporation and Amended and Restated Bylaws are filed as exhibits to the registration statement, and certain provisions are summarized below.

Board of Directors. Our Restated Certificate of Incorporation and Amended and Restated Bylaws provide that, other than directors elected by any series of preferred stock, directors will be elected annually to one-year terms in office.

Number of Directors; Removal; Filling Vacancies. Our Amended and Restated Bylaws provide that our Board must consist of between three and seventeen directors, and vacancies will be filled only by the affirmative vote of a majority of the remaining directors, even if less than a quorum remains in office, unless the Board determines otherwise. Therefore, unless the Amended and Restated Bylaws are further amended (or the Board determines otherwise), the Board could prevent any stockholder from enlarging the Board of Directors and filling the new directorships with the stockholder’s own nominees.

Under Delaware law and our Restated Certificate of Incorporation, directors may be removed for or without cause. Our Restated Certificate of Incorporation also provides that directors may only be removed, whether for or without cause, upon the affirmative vote of holders of at least a majority of the voting power of the then-outstanding shares of stock entitled to vote generally in the election of directors, voting together as a single class.

No Stockholder Action by Written Consent; Special Meetings. Stockholder action can be taken only at an annual or special meeting of stockholders and cannot be taken by written consent. Under circumstances described in our Restated Certificate of Incorporation and Amended and Restated Bylaws, special meetings of stockholders can be called by the Chair of the Board or by the Board pursuant to a resolution adopted by a majority of the authorized number of directors. Under our Restated Certificate of Incorporation stockholders have the right to request that the Corporation call a special meeting of stockholders, provided that the requesting stockholders own 25% or more of the then-outstanding shares of stock entitled to vote on the matters proposed to be brought before the special meeting and satisfy certain requirements set forth in our Restated Certificate of Incorporation and Amended and Restated Bylaws. These requirements include a “net long” definition of stock ownership for purposes of determining whether stockholders requesting a special meeting satisfy the 25% ownership threshold, so that only stockholders with full and continuing economic interest and voting rights in our stock can request a special meeting. In addition, our Amended and Restated Bylaws set forth certain procedural requirements that the Board believes are appropriate to avoid duplicative or unnecessary special meetings. Moreover, any special meeting of stockholders is limited to the business in the notice of the special meeting sent to the stockholders before the meeting, including any business stated in a valid special meeting request (in the case of a stockholder-requested special meeting).

[Table of Contents](#)

The provision prohibiting stockholder action by written consent could delay consideration of a stockholder proposal until our next annual meeting. This would prevent the holders of our stock from unilaterally using the written consent procedure to take stockholder action. The ability to request special meetings may be precluded if stockholders fail to satisfy the requirements in our Restated Certificate of Incorporation and Amended and Restated Bylaws. You should refer to these documents for more information about the requirements.

Advance Notice Provisions for Stockholder Nominations and Stockholder Proposals. Only people who are nominated by, or at the direction of, the Board, or by a stockholder who has given proper written notice prior to a meeting at which directors are to be elected, will be eligible for election as directors. Business conducted at an annual meeting is limited to the business brought before the meeting by, or at the direction of, the Chair of the Board, the Board or a stockholder who has given proper notice. A stockholder's notice to us proposing to nominate a person for election as a director must contain certain information described in the Amended and Restated Bylaws and be submitted in compliance with the time frames specified in the Amended and Restated Bylaws.

You should refer to our Amended and Restated Bylaws for more information, including the process and timing requirements for a stockholder notice.

Some of the effects of the provisions described above and in the Amended and Restated Bylaws include:

- the Board will have a longer period to consider the qualifications of the proposed nominees or the substance of other business proposed to be brought before an annual meeting and, if deemed necessary or desirable, to inform stockholders about the Board's views on these matters;
- there will be an orderly procedure for conducting annual meetings of stockholders and informing stockholders, prior to the meetings, of any nominations or other business proposed to be conducted at the meetings, including any Board recommendations; and
- contests for the election of directors or the consideration of stockholder proposals will be precluded if the procedures are not followed. Third parties may therefore be discouraged from conducting a solicitation of proxies to elect their own slate of directors or to approve their own proposal.

Business Combinations. Under our Restated Certificate of Incorporation, certain mergers, share exchanges or sales of our assets with or to interested stockholders, as defined below, must be approved by the affirmative vote of the holders of at least 75% of the then-outstanding shares of stock entitled to vote generally in the election of directors, voting together as a single class, including 75% of such stock not owned directly or indirectly by any interested stockholder or any affiliate of any interested stockholder. Our Restated Certificate of Incorporation requires this affirmative vote even if no vote is required, or a lesser percentage is specified, by law or any national securities exchange or otherwise. This 75% affirmative vote is not required in two situations (and a business combination shall require only the vote required by law or any other applicable provision of our Restated Certificate of Incorporation). First, it is not required if the business combination has been approved by a majority of uninterested, continuing directors. Second, it is not required if certain price and procedure requirements designed to ensure that our stockholders receive a "fair price" for their common stock are satisfied. Our Restated Certificate of Incorporation defines an interested stockholder as any person, other than us or any of our subsidiaries, who or which:

- itself or along with its affiliates beneficially owns, directly or indirectly, more than 5% of the then-outstanding shares of stock entitled to vote generally in the election of directors;
- is an affiliate of us and at any time within the two-year period immediately prior to the date in question itself or along with its affiliates beneficially owned, directly or indirectly, 5% or more of the then-outstanding shares of stock entitled to vote generally in the election of directors; or
- owns any shares of the then-outstanding shares of stock entitled to vote generally in the election of directors which were at any time within the two-year period immediately prior to the date in question beneficially owned by any interested stockholder, if the transfer of ownership occurred in the course of a non-public transaction or series of non-public transactions.

Liability of Directors; Indemnification. A director generally will not be personally liable for monetary damages to us or our stockholders for breach of fiduciary duty as a director. A director may be held liable, however, for the following:

- any breach of the director's duty of loyalty to us or our stockholders;
- acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;
- paying a dividend or approving a stock repurchase in violation of Delaware law; or
- any transaction from which the director derived an improper personal benefit.

We indemnify and advance expenses to our officers and directors in connection with legal proceedings to the fullest extent of the law. We may agree with any person to provide an indemnification greater than or different from the indemnification provided by the Restated Certificate of Incorporation or the Amended and Restated Bylaws.

Amendments. The Restated Certificate of Incorporation may be amended with a majority vote of the stockholders, except for the business combination provisions discussed above. The Restated Certificate of Incorporation provides that amendments to the Restated Certificate of Incorporation and the Amended and Restated Bylaws can be approved by a majority vote of the then-outstanding shares of stock entitled to vote generally in the election of directors. The Restated Certificate of Incorporation includes a supermajority voting provision that applies to the amendment or repeal of, or the adoption of any provision inconsistent with, the provisions of the Restated Certificate of Incorporation related to business combinations, which can only be amended with an affirmative vote of the holders of at least 80% of the then-outstanding shares of stock entitled to vote generally in the election of directors, including the affirmative vote of the holders of 80% of the then-outstanding shares of such stock not owned directly or indirectly by any interested stockholder or any affiliate of any interested

[Table of Contents](#)

stockholder. The Amended and Restated Bylaws generally may be amended by the Board or by the stockholders; provided that in the case of amendments by the stockholders the affirmative vote of at least a majority of the then-outstanding shares of stock entitled to vote generally in the election of directors is required. These vote requirements may have the effect of preventing a stockholder with less than a majority of the common stock from circumventing the requirements of the Amended and Restated Bylaws or a stockholder with only a majority of the common stock from circumventing certain provisions of the Restated Certificate of Incorporation by simply amending or repealing them.

Anti-Takeover Legislation

We are a Delaware corporation and are governed by Section 203 of the Delaware General Corporation Law. This provision generally states that, subject to some exceptions, a corporation cannot engage in any business combination with any “interested stockholder” for three years after the time that the stockholder became an interested stockholder unless the business combination is approved by the board of directors and authorized by the affirmative vote of at least 66-2/3% of the outstanding voting stock of the corporation which is not owned by the interested stockholder. Delaware law defines an interested stockholder to include any person, and its affiliates and associates, that owns 15% or more of the outstanding voting stock of the corporation, or that is an affiliate or associate of the corporation and was the owner of 15% or more of the outstanding voting stock of the corporation at any time within three years immediately prior to the relevant date.

Although stockholders may elect to exclude a corporation from Section 203’s restrictions, our Restated Certificate of Incorporation and Amended and Restated Bylaws do not exclude us from Section 203’s restrictions. The provisions of Section 203 may encourage companies interested in acquiring us to negotiate in advance with the Board, since Section 203 does not require stockholder approval for a corporation to engage in any business combination with any interested stockholder, if the board of directors prior to the time that such stockholder became an interested stockholder approved either the business combination or the transaction in which the stockholder became an interested stockholder. Business combinations are discussed more fully above.

Dividend Reinvestment Plan

Our dividend reinvestment and stock purchase plan (as amended and supplemented, the “DRIP Program”) provides stockholders with the opportunity to purchase additional shares of our common stock by reinvesting all or a portion of their dividends on shares of common stock. It also provides existing stockholders with the option to make cash investments monthly, subject to a minimum monthly limit of \$50 and a maximum monthly limit of \$10,000. Optional cash investments in excess of \$10,000 may be made only with our express permission, and, in our sole discretion, we may grant a discount for such optional cash investments (from 0% to 5%). We use proceeds from the DRIP Program for general corporate purposes.

Transfer Agent

The transfer agent and registrar for the common stock is Computershare Trust Company, N.A.

DESCRIPTION OF OTHER SECURITIES

We will set forth in the applicable prospectus supplement a description of any preferred stock, depositary shares, purchase contracts, warrants or units issued by us that may be offered pursuant to this prospectus.

RESALE BY SELLING SECURITYHOLDERS

Selling securityholders may use this prospectus in connection with offering our securities for resale. The applicable prospectus supplement will identify the selling securityholders and the terms of the securities offered for resale. Selling securityholders may be deemed to be underwriters in connection with the securities they resell and any profits on the resales may be deemed to be underwriting discounts and commissions under the Securities Act. The selling securityholders will receive all the proceeds from the resale of our securities. We will not receive any proceeds from resales by selling securityholders.

BOOK-ENTRY PROCEDURES AND SETTLEMENT

Unless we indicate otherwise in the applicable prospectus supplement, the debt securities, common stock, preferred stock, depositary shares or other securities described herein, which we refer to collectively as the securities, will be book-entry securities. All book-entry securities of the same issue initially will be represented by one or more fully registered global securities. Each global security will be deposited upon issuance with, or on behalf of, The Depository Trust Company, as depository (“DTC”), and will be registered in the name of DTC or a nominee of DTC, in each case for credit to an account of a direct or indirect participant in DTC as described below. DTC will thus be the only registered holder of the securities and will be considered the sole owner of the securities for purposes of any indenture, warrant agreement, unit agreement, deposit agreement, purchase contract, or similar agreement governing the terms of such securities, as applicable, which we refer to as a governing agreement.

Global securities may be transferred, in whole and not in part, only to another nominee of DTC or to a successor of DTC or its nominee. Beneficial interests in the global securities may be held through the Euroclear System, or Euroclear, and Clearstream Banking, S.A., or Clearstream, each as indirect participants in DTC. Transfers of beneficial interests in the global securities will be subject to the applicable rules and procedures of DTC and its direct and indirect participants, including, if applicable, those of Euroclear and Clearstream, which may change from time to time. DTC has advised us as follows: it is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Exchange Act. DTC holds and provides asset servicing for securities that its participants deposit with it. DTC also facilitates the post-trade settlement among participants of sales and other securities transactions in deposited securities through electronic computerized book entry transfers and pledges between participants’ accounts, thereby eliminating the need for physical movement of securities certificates.

Direct participants in DTC’s system include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. Access to DTC’s system also is available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies and clearing corporations that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly, which we collectively call indirect participants. Persons that are not participants may beneficially own securities held by or on behalf of DTC only through the participants or the indirect participants. The ownership interests in, and transfers of ownership interests in, each security held by or on behalf of DTC are recorded on the records of the participants and the indirect participants. The rules applicable to DTC and its participants are on file with the Securities and Exchange Commission. More information about DTC can be found at <http://www.dtcc.com/> and <http://www.dtc.org/>.

DTC has also advised us that, upon the issuance of a global security evidencing any securities, it will credit, on its book-entry registration and transfer system, the respective principal or face amounts of the securities evidenced thereby to the designated accounts of participants. Ownership of beneficial interests in the global securities will be limited to participants or persons that may hold interests through participants. Ownership of beneficial interests in the global securities will be shown on, and the transfer of those ownership interests may be effected only through, records maintained by DTC or its nominee (with respect to participants) and the records of participants and indirect participants (with respect to other owners of beneficial interests in the global securities).

Investors in the global securities that are participants may hold their interests therein directly through DTC. Investors in the global securities that are not participants may hold their interests therein indirectly through organizations (including Euroclear and Clearstream) that are participants in such system. Euroclear and Clearstream will hold interests in the global securities on behalf of their participants through customers’ securities accounts in their respective names on the books of their respective depositories. All interests in a global security, including those held through Euroclear or Clearstream, may be subject to the procedures and requirements of DTC. Those interests held through Euroclear or Clearstream may also be subject to the procedures and requirements of such systems.

The laws of some states require that certain purchasers of securities take physical delivery of those securities in definitive form. These laws may impair the ability of holders to transfer beneficial interests in global securities to certain purchasers. Because DTC can act only on behalf of the participants, which in turn act on behalf of the indirect participants, the ability of a person having beneficial interests in a global security to pledge such interests to persons that do not participate in the DTC system, or otherwise take actions in respect of such interests, may be affected by the lack of a physical certificate evidencing such interests.

So long as DTC or any successor depository for a global security, or any nominee, is the registered holder of such global security, DTC or such successor depository or nominee will be considered the sole owner or holder of the securities represented by such global security for all purposes under the governing agreement applicable to that global security. Except as set forth below, owners of beneficial interests in a global security will not be entitled to have the securities represented by such global security registered in their names, will not receive or be entitled to receive physical delivery of such securities in definitive form, and will not be considered the owners or holders thereof for any purpose under the governing agreement applicable to that global security. Accordingly, each person owning a beneficial interest in a global security must rely on the procedures of DTC and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, to exercise any rights of a holder of securities under the governing agreement applicable to that global security. We understand that, under existing industry practices, in the event that we request any action of holders or that an owner of a beneficial interest in a global security desires to give any consent or take any action under the governing agreement applicable to that global security, DTC or any successor depository would authorize the participants holding the relevant beneficial interests to give or take such action or consent, and such participants would authorize beneficial owners owning through such participants to give or take such action or consent or would otherwise act upon the instructions of beneficial owners owning through them.

Unless we indicate otherwise in the applicable prospectus supplement, any payments due with respect to any securities (including payments of principal and interest with respect to debt securities and dividends with respect to equity securities) that are registered in the name of or held by DTC or any successor depositary or nominee will be payable to DTC or such successor depositary or nominee, as the case may be, in its capacity as registered holder of the global securities representing the securities. Neither we, nor any trustee, registrar, paying agent or other agent in respect of the securities, nor any other agent of us or any such person will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, beneficial ownership interests in the global securities, for maintaining, supervising or reviewing any records relating to such beneficial ownership interests, or for any other matter relating to the actions and practices of DTC or any of its participants or indirect participants.

We have been advised by DTC that its current practice, upon receipt of any payment in respect of a global security, is to credit participants' accounts with payments on the payment date, unless DTC has reason to believe it will not receive payments on such payment date. Each relevant participant is credited with an amount proportionate to its beneficial ownership of an interest in the principal or face amount of the relevant security as shown on the records of DTC. Payments by participants and indirect participants to owners of beneficial interests in a global security held through such participants and indirect participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such participants or indirect participants, and will not be the responsibility of us, any trustee, registrar, paying agent or other agent in respect of the securities, nor any agent of us or of any such person. Neither we nor any such person or agent will be liable for any delay by DTC or by any participant or indirect participant in identifying the beneficial owners of the securities, and we and any such person or agent may conclusively rely on and will be protected in relying on instructions from DTC or its nominee for all purposes.

Crossmarket transfers between the participants in DTC, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by its depositary; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depositary to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant global security in DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream. DTC has advised us that it will take any action permitted to be taken by a holder of securities only at the direction of one or more participants to whose account DTC has credited the interests in the applicable global security and only in respect of such portion of the aggregate principal or face amount of the securities as to which such participant or participants has or have given such direction.

Except as provided in the applicable prospectus supplement, owners of beneficial interests in a global security will not be entitled to receive physical delivery of the related securities in certificated form and will not be considered the holders of the related securities for any purpose under the governing agreement applicable to that global security, and no global security will be exchangeable, except for another global security of the same denomination and tenor to be registered in the name of DTC or a successor depositary or nominee. Accordingly, each beneficial owner must rely on the procedures of DTC and, if the beneficial owner is not a participant, on the procedures of the participant or indirect participant through which the beneficial owner owns its interest to exercise any rights of a holder under the applicable governing agreement. However, if there is an event of default under any applicable governing agreement, DTC reserves the right to exchange the relevant global securities for securities in certificated form, and to distribute such securities to the participants.

Although DTC, Euroclear and Clearstream have agreed to the foregoing procedures to facilitate transfers of interests in the global securities among participants in DTC, Euroclear and Clearstream, they are under no obligation to perform or to continue to perform such procedures, and may discontinue such procedures at any time. Neither we, nor any indenture trustee, nor any agent of us or of any such person will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

The information in this section, including any description of the operations and procedures of DTC, Euroclear and Clearstream, has been provided solely as a matter of convenience. We do not take any responsibility for the accuracy of this information, and this information is not intended to serve as a representation, warranty or contract modification of any kind. The operations and procedures of DTC, Euroclear and Clearstream are solely within the control of such settlement systems and are subject to changes by them. We urge investors to contact such systems or their participants directly to discuss these matters.
