Net Charge-Off Rate

Average Loans Held for Investment used in the calculation of the Annualized Net Charge-Off Rate includes an estimate of the uncollectible portion of finance charge and fee receivables. We recognize earned finance charges and fee income on open ended loans according to the contractual provisions of the credit arrangements. When we do not expect full payment of finance charges and fees, we do not accrue the estimated uncollectible portion as income. The estimated uncollectible portion of finance charges and fees is adjusted quarterly.
